TIME CHANGE HERE AGAIN. For years now the people of area have set their clocks and watches ahead an hour come the last Sunday in April, and we have daylight saving time. Then in the fall the clocks are turned back to standard time. At Lincoln-Way high school turning the clock ahead is more than a twist of the wrist. Frank Goetschel, building superintendent, is shown here with the cover off the IBM master clock which hangs on a wall in the office. He is just looking over the various levers and buttons he will have to operate to set the clock ahead and have it synchronized with the bells that ring for the period changes. A clock within the clock operates the bells. Take the cover off this master clock and one thinks he has invaded the work of a TV set or some electronic device. Curious as to what the clock looks like with the cover off are two of the office staff, Barbara Sayers (left) and Marcy Van Cleave. Turning the Lincoln-Way clock back in the fall is simple Mr. Goetschel said. He just stops it for an hour.

ICC Overrules Motion By Rival Bus Firm to Ban Service For Orland Park

(CNS)—A move to block entrance of another bus company in the field between Northwest Cook county and Chicago's loop has been overruled by the Illinois commerce commission.

The ICC Friday denied a motion of Eagles Bus Lines, Inc. to dismiss an application from Suburban Transit System, Inc. to operate a 60-day trial run between Orland Park, Palos Park, Palos Heights, Worth, Chicago Ridge, Oak Lawn, and downtown Chicago.

The next hearing on Suburban Transit System's application is set for May 2 in Chicago. Four transportation companies are opposing the line's request. Besides Eagles Bus Lines, they are Continental Air Transport company, Bluebird Coach Lines, and the Chicago Transit Authority.

Eagles Bus Lines doesn't want Suburban Transit to pick up passengers at Sportman's Park race track, Cicero, and Hawthorne Park race track, Stickney township. The Eagles line operates from the loop and several south side loading points to five Chicago area race tracks.

Continental Air Transport Co. is protesting Suburban Transit's hopes to pick up and discharge passengers at Midway airport. Continental operates between loop hotels and Midway via Archer avenue.

The CTA and Bluebird Coach Lines are against competitors operating along or near their routes.

Under its proposed plan, commuters would be able to transfer from the Stickney-Cicero route at 79th street and Cicero avenue, Chicago, and continue to Chicago's bus terminal at Randolph and Clark streets. No pickups would be made north or east of 79th and Cicero ave.

Orland Park Urges County to Widen West Ave.

The village of Orland Park is working with the Cook highway department with the hope that the latter will widen West ave. from Wabash railroad crossing north to 144th street.

The present thoroughfare is only 33 feet wide which is much too narrow to accommodate vehicles and pedestrians, village officials pointed out.

The road is used by youngsters, walking to and riding bicycles to school, and with north and south bound vehicles, plus the assortment of school children there just isn't enough street, Mayor W. R. Schussler, Jr., said.

The Wabash has gates for the West avenue crossing which have been in storage for some time and will install them, it was said, when the street is widened.

The village is asking the county to add another 33 feet to the road so it can carry traffic without the current hazards.

Increase in the population of the area, particularly in that section, is reflected in the enrollment of the grade schools. Large number of children now use West avenue to travel to and from school—there are no sidewalks—and the number will increase, it was pointed out, urging speedy action on the road widening program.

The railroad has the gates and other equipment for safe-

Lincoln-Way Science Students Winners at Fair

Three prizes and an honorable mention were carried off by Lincoln-Way high school students at the Science Fair held last week-end at Lewis college, Lockport, under the auspices of the Joliet section of the American Chemical Society. First prize was captured by two St. Francis Academy students, Nancy Lander and Sandra Lawrence, for their study on plant acidity indicators.

Second, third and fourth prizes went to Lincoln-Way students. Tom Dunham, of Mokena won second prize for an exhibit on hydrogenation of oleic acid, while his twin brother, Ted, captured fourth with a demonstration of the Friedel-Crafts synthesis, which deals with the linking of ring and chain compounds in chemistry thru which synthetic products are created. Third prize went to a demonstration of the formation of metallic iron thru reduction of

Band, Choruses To Give Concert At Lincoln-Way

May 4-11 is national music week and the music department at Lincoln-Way high school will open the period with its annual spring concert to be held in the school auditorium that Sunday afternoon at 3 o'clock.

This will be the first public concert in the school's newly finished auditorium and it is expected the event will draw a capacity crowd. There will be an admission charge.

The traditional honoring of senior members of band and choral division will highlight activities of the afternoon.

Included on the program given by the band will be the contest numbers it played at Peoria in the state competition last Saturday and the Girls' Chorus and the Byos' Glee club will sing their contest selections as well as others.

Tinley Hospital Invites Public to Open House

Elmer H. Knudsen, president of the Village of Tinley Park, has proclaimed the week of April 27 thru May 3, as Mental Health week and urges all citizens to join actively in its thoughtful observance by attending open house at Tinley Park State hospital Sunday afternoon, April 27 from 1 to 4 pm.

Mental illness constitutes the gravest public health problem, it was pointed out, accounting for more than one-half of all patients hospitalized in Illinois.

The tenth annual observance of Mental Health Week in Illinois has been designated for the purpose of citizens' mobilization aimed at focusing public attention on the needs of the mentally ill.

The program at the Tinley hospital will include guided tours of wards and treatment centers. All of the hospital's facilities will be open for public viewing.

Orland Firemen Have Busy Week-end

Members of the Orland Park fire department were busy over the week-end extinguishing fires.

Last Thursday they were called to 143rd and the Wabash railroad tracks and to 131st and Will-Cook road for grass fires; Friday morning they were summoned to 135th and Southwest highway which spread across to route 45 where a building was ignited. The water truck had to be refilled four times before the fire was out. The same afternoon they were called to 147th and route 45.

Carl Sandburg and Lincoln-Way musicians scored well in the state music and band contests held last Friday and Saturday at Peoria.

Both bands, playing in Class A competition, finished with judges voted a first for Sandburg's band and another would second ratings. One of the three have given it a first.

Ottawa high school topped the Class A bands, while Joliet led the Double A schools.

The Girls Chorus at Lincoln-Way took a first in that competition and the Boy's Glee club came in with a second rating in Class A after finishing with a third last year in Class B competition.

In the instrumental and vocal, solos and ensembles, Lincoln-Way had eight first, eight seconds and two thirds. Sandburg had three first, 10 seconds and one third.

The solo and ensemble competition was held on Friday and the band contests were conducted Saturday.

Lincoln-Way

First ratings: Dave Larson, drums; Charles Hammond, baritone; Sharon Jedlick, alto clarinet; ensembles, saxophone quartet (Ronald Steinberg, Jim Stauffenberg, Charles Otto, and Anthony Dina); brass quartet (Lorraine Redman, Shirley Sievert, Les Van Orstrand and Charles Hammond; Kay Seltzer, girl's medium voice; Kenneth Soderlund, boy's medium voice and Shirley Weber, girl's low voice.

Second ratings: Glenn Bitner, drum solo; Ronald Stenberg, alto saxophone and Richard Zatteau, also sax; drum quartet (David McGuire, David Larson, Bitner, Tom Peterson and Leslie Eckdahl); saxophone trio, (Zatteau, Norman Sievert and Lou Ann Camerlo); Wendell Anderson, tenor solo.

Third ratings: Stauffenberg, tenor saxophone, Bonnie Rydell, soprano solo.

Sandburg

First ratings: Marsha Mannel, twirling; clarinet quartet (Richard Scherubel, Frances Wood, William Agnew and Kathy Mortenson); Marsha Vleck, soprano solo.

Second ratings: R. Scherubel, clarinet; William Nevin, clarinet; Harry Stevens, drums; Robert Schneider, baritone; Garyl Schmitt, bass clarinet; Mehlin Smith, bass clarinet; Sandy Mayhall, trombone; Dennis Larson, bass horn; Lester Mahaffy, bass horn; cornet trio (William Nevin, Terry McBurney and Judy Galbraith).

Third rating: Doanle Morgenthaler, vocal solo.

Milton Potter is the band director at Sandburg and Mrs. Elizabeth Pearson has charge of the choral work there. Lincoln-Way's band director is Robert Taylor and the choruses and vocal soloists are directed by Tom D. Olson.

In the music competitions schools are classified according to enrollment. Class A schools are those whose enrollments run between 550 and 1,100.

Bremen high school does not compete in the music contests, it was stated.

Rock n' Roll Jubilee to Be Held At Mokena

A Rock 'n' Roll jubilee, believed to be the first of its kind in this area, will be held by the Wm. Martin Post 725 Veterans of Foreign Wars of Mokena, on three consecutive Sundays, beginning on May 4 and ending May 18. The Jubilee will be open to boys and girls ranging in age from 13 to 20.

The climax of the event will come on the final Sunday, May 18, at which time the judges will name 10 winners. Each winner will be awarded a trophy.

According to C. A. Zugenbuehler, Commander of the Post if this initial attempt to provide high school students a competitive activity of this sort proves successful, it will become an annual event.

The committee extends an invitation to every teenage boy and girl. Not only will they enjoy three Sunday afternoons of dancing, but at the same time they will be in competition for the awards since the judges will be making selections during the entire Jubilee.

To prevent any unnecessary delays on the first Sunday, an advance registration will be held at the post hall in Mokena each evening from April 29 thru May 2 from 7 to 9 pm. Teenagers are requested to register at this time. A registration fee of \$1 will be charged to cover the entire Jubilee.

Trustees Decide Against Purchase of Road Grader

The Tinley Park village board has discarded the idea of purchasing a road grader to repair village streets.

According to road and bridge chairman, Thomas Hatfield, there are 47 blocks in the village which need regrading and scarifying. He suggested a private contractor be employed and that Walter Wilson, engineer for the sewer project, be contacted to see if they can handle the engineering work on streets. His proposal was in his report to the board Monday night.

Comment from Trustee Oswald Tatum was that it might be practical for the village to give Wilson whatever jobs he is willing to take. Hatfield suggested Wilson be contacted to obtain their reaction to the proposal. Trustee Joseph McCarthy believes the sewer and road programs should go hand in hand.

Announcement was made that Pace Associates, who have been village engineers for the past two years and whose appointment expires April 30, do not wish to be considered for reappointment.

Street signs for village streets have been ordered. Hatfield informed the board.

Tinley Teens to Take Over Village Offices on May 24

Members of the Tinley Park Teen club will again take over the offices of elected officials for one day, on May 24.

At this annual event, youth from the teen club preside as junior officers at a special meeting. Village officials are hosts to the teens for a luncheon following the meeting.

Joseph McCarthy, trustee, and director of the Teen club is in charge of arranging the special Youth Day program.

Drive to Sell Autos Aimed to Help Business

An active campaign to stimulate business is being conducted by area automobile dealers who urge people "You Auto Buy Now" when prices are low.

Stimulating car sales in turn helps accelerate an upturn all up and down the line, helping all business, automotive, finance, parts, tires and accessories, gasoline, garages and other types of business.

People have a tremendous amount of money in savings accounts which constitutes a great reservoir of buying power.

Financial institutions are safe insured accounts and little speculation makes possible the release of vast sums for purchases.

Purchases of autos will keep thousands of men working, one out of every seven rely on the automotive industry for their livelihood. It takes steel, aluminum, glass, rubber, paint, upholstery, plastic and hundreds of other items to just build a car.

To keep business healthy, "You Auto Buy Now."

Tinley Annexes Southlands Area

The Tinley Park village board adopted an ordinance Monday annexing certain lands to the village.

The 36 individual petitions filed in the office of the village clerk cover lots in blocks 1, 2 and 3, in what is known as the Southlands subdivision. The streets are Oconto, Odell and Oketa, between 171st and 173rd sts.

Any territory contiguous to the annexed area may also be annexed to the village, it was

stated by village attorney, Robert Biederman.

Victor Propp, village clerk, was instructed to contact an engineering firm to draw up a plat covering the ordinance.

Another possible annexation mentioned at the board meeting was a 40 acre tract at 171st and Harlem ave. This piece could be annexed by ordinance, the attorney advised.

Tap Tinley Water Tank for 268,000 Gallons Per Day

The 1,324 water users in Tinley Park used a total amount of 24,117,000 gallons of water during the first three months of 1958, or 268,000 gallons per day.

According to the report of Mrs. Ruth McBurney, village collector, water billing for that period amounted to \$7,760.34.

The nation's traffic accident rate may be lowered in the future by the use of proximity warning devices operated by induction fields—a radar like phenomena—suggests Richard B. Schulz of Armour Research Foundation of Illinois Institute of Technology, Chicago.

Rayson to Get Helper In Office

(CNS) Leland H. Rayson, Bremen township assessor, said he has been promised the services of a helper starting late this week and continuing for one month, by the office of the new assessor of Cook county, P. J. Cullerton.

The helper, expected to be a woman, will assist in rendering whatever services are possible for the taxpayers of Bremen township, who are now receiving their 1957 tax bills, said Rayson.

If possible, Rayson said, he will get started at once, perhaps with additional help to be sought from the town board, on a re-check seeking township buildings to be placed on the tax rolls. The last aerial survey was in November 1955, uncovering 122 buildings being taxed only as vacant property.

Assessor Rayson pointed out that valuations in the 1957 bills will be three per cent higher because of increasing the state equalization factor from 1.40 to 1.44. Midlothian has the highest rate in the county because of local school costs.

As township assessor, Rayson has no authority to change any assessment, although he may report inequities or failures to assess property to the county assessor's office.

Under the present adjudication law, it is too late to object to 1957 assessments. The filing period for objections to 1958 will be the end of June. Anyone wishing help may come to Township Assessor Rayson at his office at 17326 Oak Park ave., Tinley Park.

Rayson, who is the Democratic candidate for congressman in the 4th district, has advocated a broad program of relief to sub-

urban real estate taxpayers by increased state aid and federal help in school construction.

Plan Police League Team at Tinley Park

A move to organize baseball teams for young men between the ages of 15 and 18 has been started at Tinley Park by Lyman Ansfield, and a meeting is scheduled for 6:30 o'clock next Tuesday evening at the Bert Fulton school to which all interested are invited.

The 15 to 18 group is eligible for the Cook County Police League and Anfield plans to have an entry in this circuit from Tinley Park.

It is also his plan to organize other teams in this same age group to form a local league. The organizers hope to form at least four teams for the local loop and from this talent Anfield would pick an all-star team to represent Tinley in the County Police League.

The county league games are played on Sundays. The local circuit would play during the week. Anfield added that if there are enough good players and sufficient equipment there may be two teams in the county league from Tinley. League rules permitting, he would like to vary the all-star team from week to week, Anfield said.

According to his plan for the meeting Tuesday night, all youngsters who report will drop their names in a hat.

Will Draw Names

"The first 11 names drawn will comprise Team No. 1," Anfield said, "and so on until all names are drawn. The first pitcher's name drawn will be assigned to Team No. 1, and so on. Pitchers will be permitted to choose their own catchers. Each team or squad will elect its own captain or manager."

"The managers will be given a free hand in assigning players. They also can trade players if they find themselves long on one position and short on another."

"Players who show up late when the names are drawn will be assigned according to the needs of the various teams."

"Each team will be given a different colored cap."

"The all-star or travel team will be chosen on a basis of performance, that is: Attendance, hustle, hitting and fielding."

Prospective players are to bring their birth certificates with them for proof of age. Arrangements have been made, Anfield said, for players to get a free physical examination from Dr. Helmut Feldman.

Every boy who turns out for a team will have an opportunity to play, Anfield said. He added that Bill McBurney and Pat Lloyd have offered to assist him but more help will be needed.

He also is thinking of organizing soccer teams next fall among the youth of Tinley Park.

Gerald Jacobs, who is now playing semi-pro with Cavallini's in Dolton Greater Chicago league, will coach infielders on the Tinley Police league team. Jacobs, formerly played with the Baltimore Orioles and Vancouver of the Pacific Coast league.

L-W Frosh-Soph Nine Wins Game

The Lincoln-Way frosh-soph baseball team defeated the frosh-sophs of Catholic high, Joliet, last Friday afternoon 10 to 7.

The Lincoln-Way varsity has not been so fortunate. In league play the Knights have lost four games. Besides the first game of the season which the Knights lost to Bremen, and the loss to Crete, previously reported they have lost to Sandburg, 11 to 2 and to Evergreen Park, 14 to 0.

The win over Lincoln-Way is the only one recorded this season by Bremen, which incidentally was picked by some as the possible league champion. Bremen lost to Evergreen Park 11 to 1, Oak Lawn 6 to 4, and, as previously reported, to Sandburg.

Issue 3 Permits To Start Building In New Subdivision

Action taken at the meeting of the board of trustees in Tinley Park Monday paved the way for immediate construction of homes in an area adjoining the Rock Island tracks and directly west of the Ironite Company.

A total of 16 homes are planned for the area, to be of the split level type and sell for about \$18,000.

The homes will be constructed by William Steeves. The area is within the village limits.

The village board agreed to issue permits for construction of the first three homes.

The plat of the subdivision has been approved by the Plan Commission and the village board.

LUMBER FIRM LAUNCHES BUILDING PROJECT—I.N.R. Beatty Lumber Co. has broken ground for its new home building center just west of U.S. 45 on 143rd st. at Orland Park. The building will contain more than 6000 square feet of floor space and among its several features will be a complete planning center. Studying the blue prints (l to r) are Richard Leyerle, assistant secretary of the Beatty firm; H. Raymond Beatty, vice president and Raymond Shank, manager of the Orland branch. Looking on are Roy Benson, president of Orland Park Chamber of Commerce,

and (bareheaded) Bob Miller, village building commissioner.

"In all the 60 years we have been in business—and in the 35 years we have served the Orland area—," said Mr. Beatty, "this is the most complete building materials center ever planned."

The groundbreaking took place Monday morning, April 21. "Speaking for us here at Beatty's," said Mr. Shank, "we believe in the growth of this area and will grow with it—not only in size but in the service we give to the community." (Robert Porter photo)

DOCTOR UNIT

A large audience was present for the April meeting of the Doctor school Parent Teacher association. The newly built school and the two recently acquired pianos were inspected by those attending.

Donald Hopkins, chemistry teacher at Carl Sandburg High school introduced two students, Reed Williams and Robert Stellwagon, who explained a science project which was on display.

Refreshments were served by Mrs. Henry Andresen, Mrs. Herman Gee, Mrs. Melborn Dralle, Mrs. Edward Umek and Mrs. Joseph Bauer.

TINLEY PARK

Mrs. Clara Maier, assistant playground director at Aurora, showed color slides of the adult supervised recreational summer program for children, conducted there, at the Tinley Park PTA last Friday night in Central school. Nature activities, craft instruction, sport tournaments, hikes, and pet shows were some of the activities discussed. Mrs. Elmer Knudsen, PTA president, presided.

Chief Harold Moore, of the Tinley Park Police Department, explained the duties of the newly hired school crossing guards. Wearing their new uniforms, the guards were introduced by Chief Moore. Mrs. Rose Barton, Mrs. Josephine Brown, Mrs. Helen Erskine and Mrs. Ruth Patton.

Mrs. Walter Barton was named by the nominating committee to fill the office of vice president for the PTA's slate of officers next year. Mrs. Walter Goldstrom's resignation from that office was accepted with regret.

Winners of the room count were, Mrs. Lee, room 109 of Central school, and Mrs. Gross, room 104 of Bert Fulton school.

Girl Scout troop 581 presented the colors and the Rev. Gordon P. Campbell, St. George Catholic church, gave the invocation.

Following the business meeting, refreshments were served by mothers of the pupils in the second grade.

HIGH SCHOOL COUNCIL

The PTA District 19 high school council will meet Monday, May 5, 1958, at 8 p.m. in Bloom township high school (10th and Chicago Road, Chicago Heights), according to Mrs. Edmund Jaracz, president, Chicago Heights.

Mrs. William Graham, Chi-

cago Heights, program chairman has arranged a panel discussion on "Pro and Con—High School PTA" with Mrs. J. Earl Duckworth, Chicago ICPT council adviser, as moderator. Members of the panel and their subjects are as follows: Dr. Harold Metcalf, superintendent of Bloom township high school,

"The Value of a High School PTA from the viewpoint of the school," Carl Thokey, superintendent of Reavis high school (Oak Lawn),

"Reasons for not Belonging to a High School PTA," Mrs. George Lundin (12800 83rd Ct., Palos Park), District 19 service chairman. "Transition from Elementary to High School PTA," Mrs. Percy Jochum (6902 - 173rd Pl., Tinley Park), president of Bremen community high PTA, "How to Stimulate an Active Membership Participation."

Upon completion of the program the following new officers for the 1958-59 year will be installed: by Mrs. F. J. Millward, Oak Lawn, District 19 director:

President: Mrs. Russell Foss, 9012 Forest Glen, Palos Park, (Carl Sandburg high).

Vice president: Mrs. John Denison, 15310 Marshfield avenue, Harvey, (Thornton high).

Secretary: Mrs. Paul Ewing, 1217 W. 183rd st., Homewood, (Bloom high).

Treasurer: Mrs. Donald Maue, 15750 S. 113th Ct., Orland Park, (Carl Sandburg high).

Mrs. Lee Jankoviak, Steger, president of Bloom high PTA and her executive board will serve refreshments.

The PTAs from Bremen, Evergreen Park, Bloom, Oak Lawn, Carl Sandburg, and Thornton high schools comprise District 19, council.

Troop 97 Has Cook-Out

On Easter Monday, April 7, Girl Scout troop No. 97, held a cook-out in Tinley Creek Woods, where they learned to be more proficient in the art of living out-of-doors in addition to enjoying themselves, especially the campfire stew and "some-mores".

At regular troop meetings, one patrol under the leadership of Mrs. Albert Zwyac has just completed the requirements for second class rank with the presentation of a play entitled, "The Atomic Hat"; another patrol is actively working on "My Government Badge", under the guidance of Mrs. Elmer Knudsen. A week-end at Camp Thorn Creek is being planned for May 3 and 4.

The advance girl scouts of Troop 334 have been invited to go along. In preparation for this camp-out the girls are attending special meetings on Thursdays in the Methodist church, where Mrs. Stanley Sterkowitz a licensed camper, is helping the girls plan menus, programs, the art of making bed rolls, etc.

Girl Scout Troop No. 97 is sponsored by the Lions Club and is under the leadership of Mrs. Sidney B. Feiwel.

ORLAND 4-H BOYS

The Orland Boys 4-H club met in the Maue school Monday, April 14 with Laurence Lauffer, president in charge.

The meeting opened with the pledge of allegiance to the U. S. of American flag. We had two new members.

We were urged to make camp reservation and also to take part in Share the Fun program in Homewood May 20.

Demonstrations were given by Don Bettenhausen of his metal craft project and Darrel Erickson showed his model pig house and explained how he made it.

The Orland bank explained how to save money. This was very interesting.

The meeting closed with the 4-H pledge. Pop and cookies were served. The next meeting will be May 12.

Farm Era Ends at Evergreen Pk.

(CNS) An end of an era is at hand in south suburban Evergreen Park.

The last farm in the village has been sold, it was learned this week.

Homes will be erected on all but five of the 35 acres of the last farm site, sold by Mrs. Barbara Seipp Sievers, 6211 S. Racine ave., Chicago.

Evergreen Park purchased five acres for a park site. The price was \$10,250 an acre or a total of \$51,250. The sale ended negotiations carried on about a year while a condemnation suit for the property was pending. The village had the condemnation action dismissed Tuesday in circuit court.

The park site consists of the area bounded by 89th and 90th streets, California on the east and Mozart on the west.

Evergreen Park used revenue from its one half cent sales tax to purchase the five acres, said Peter Schultz, village attorney. The new village hall also is being paid off this way, he said, altho bonds were issued to construct it.

The village is no newcomer on the county scene. Evergreen Park was incorporated December 20, 1893. It then had many farms and also was "quite an industrial center," Schultz said. Railroads ran special trains to bring workers in from Chicago and Blue Island. But industry, too, has disappeared from Evergreen Park, now a community of fine homes.

The youngest president ever inaugurated was Theodore Roosevelt at 42, and the oldest, William Harrison at 68.

Thilda Benson Dies at Joliet; Mother of Mokenan

Mrs. Thilda Benson, mother of Evert Benson, Mokena, died in her home in Joliet April 14 following a short illness due to a heart condition. She was 89 on Easter. Born in Sweden, she came to this country in 1890 at the age of 21.

Beside the one in Mokena, Mrs. Benson is survived by a son, Hugo, of Joliet; three daughters, Mrs. Ella Fox, Lockport; Mrs. Ina Evans and Mrs. Clara Coley, Chicago; a sister, Mrs. Alma Larson, Chicago; nine grandchildren and five great grandchildren.

Funeral services were held in Joliet last Thursday afternoon with the Rev. David Carlson officiating. Burial was in Elmhurst cemetery.

Back Door Is Business Door For A Farmer

Don't forget the man of the house when you plan your "dream" farmhouse. He's probably footing the bill, but he deserves some consideration before the bills start coming in.

University of Illinois extension housing specialist Keith Hinchcliff says the back door is

a good place to start thinking of the farmer.

This is his "business" door. It should be handy for him when he comes in from the service area. A breezeway or passage from the garage to the house is desirable.

Once inside, he needs a handy closet to hang up his work clothes and to store his boots. And he shouldn't have to tramp thru the house to find a place to wash up before eating. He needs at least a lavatory and if possible a half bath near the back door.

At the end of the day, he will want shower facilities too. A basement shower is ideal and, here again, easy access from the back door from grade level is important.

When he comes in from the fields, the man of the house will want to relax before lunch or dinner or between chores. Therefore the family area and the farm business center should also be easily accessible from the back door.

The farm business center is a growing point of interest among farmers. Some like a separate room, such as a den. But a well lighted spot in the work area will be satisfactory. Regardless of the location, the farm family needs storage space for records, a shelf for books and wall space for the farm or farmstead plans of the present and future.

Outside the house, the carport and roof are important points to consider. A carport al-

lows both the farmer and his wife more freedom to get in and out of cars and to unload parcels than a tight fitting garage or a distant machine shed.

The farmer will also appreciate a house with simple roof construction that doesn't take a lot of maintenance and repair. He will also like one that does not have a lot of valleys, dorm-

ers and chimneys to clutter it up.

Members of School Board Draws Lots to Decide Length of Terms

On April 14 School District 160 had the last meeting of the Board of Directors and the first meeting of the new board of education.

First on the agenda was the reading of the official results of the election held April 12. LeRoy Simmons, clerk, announced the total votes each candidate received and the first seven: Tom McArdle, John Forsgren, Don Swanson, George Hein, Annie Jeffery, Clarence Beam and William Hastings were officially named as the new board of education. Mr. Simmons also announced that both tax referendums had passed.

Henry Hoppe, acting as official representative of Noble J. Puffer, county superintendent of schools, then administered the oath of office.

The next two items of business held almost as much suspense as an Alfred Hitchcock thriller. First was the drawing of lots to determine the length of term each member will serve. The results gave Tom McArdle, John Forsgren and Geo. Hein three year terms; Annie Jeffery and Clarence Beam two year terms and Don Swanson and Bill Hastings one year terms.

Next was the election, by the board, of the new president. The first ballot was a three-three-one vote with Mr. Beam and Mr. McArdle tied. Another ballot was taken and after another three-three tie the seventh ballot gave the presidency to Mr. Beam.

Nominations were then made for secretary and William Hastings was nominated and unanimously seconded. The position of clerk will be filled in the near future.

It was decided the meetings will be held the second Monday of each month at the Central school with a meeting the fourth Monday if necessary.

Mr. Beam introduced Mr. McPherson of McPherson and Swing architects. This is the firm that has been designing the plans for the new school building. Mr. McPherson gave the new board an up to date account of the plans made. He also spent a great deal of time answering questions and explaining future plans. (More on the school in the PTA column.)

The committee appointed to work with Mr. McPherson will be headed by Mr. Forsgren, chairman, with Mr. Swanson and Mr. Beam assisting.

The other committee established was that of teacher education. The duty of this committee will be to study the teacher situation with an eye to recruiting, rehiring, salary adjustment etc. Mr. McArdle is chairman of this committee with Mrs. Jeffery and Mr. Hastings assisting.

Because of legal aspects, the referendum on the school was postponed until May 3.

Last business transacted was a vote of thanks to the outgoing members of the board of directors. To Mr. Simmons who also acted as clerk and to Ray Bergman who in addition to his regular duties spent many hours with Mr. Beam, visiting schools and investigating all possibilities to give us the most school for our money. No one (except possibly their wives) can fully know the time spent on this research. The thanks of the entire community is added to that of the Board.

PTA

The two speakers at the April 17 meeting of the PTA addressed the group on wholly dissimilar subjects which, in our community prove to have a close relationship.

The principle speaker, Lt. Klein of the sheriff's juvenile

office, spoke from vast experience on the subject of delinquency.

Greatly simplified, and leaving out the reasoning from which his conclusions were derived, Lt. Klein's subject was: "Punishment, regardless of severity, is no cure for delinquency." The only logical way to approach the problem is by prevention, which means intelligent, understanding and affectionate direction of youth activities at two prime sources: the home and the school.

Lt. Klein pointed out the great misapplication of the term "delinquent." Too often the child next door who has discovered the slingshot is an "incorrigible neighborhood nuisance and a budding delinquent," while our own, following the same path later is "just exhibiting normal boyish curiosity", and is "almost as good a shot as his old man used to be."

Practically, however, we can each be on the lookout for children that may really turn out to be delinquents, and the results can be 100% effective if we look in the right place. Not the neighbor's back yard, but right in our own homes, tonight, in our very best mirrors. Some of the real juvenile delinquents come, after all, from homes just like yours, and mine.

Of course, the schools, the GOOD schools, can help a great deal in the prevention of conditions leading to delinquency, it was brought out and it is this sort of school, including the prevention of adverse conditions, that our new school board wants to supply!

As second speaker, Mr. Beam showed blueprints and pictures of the new school. The building shown and described would be a giant step forward, for this community. Our means, like those of all growing communities, are quite limited, but in spite of this unpleasant fact, we saw a school building designed to fit in with the community and which provides a maximum of necessary school facilities. In intelligent planning by the architect has avoided unnecessary frills and expense and yet maintained a dignity and harmony of line which will make this a visible asset to the community.

The structure, which is to be built on 5 1/2 acres of land contributed by J. E. Merriam & Co. will be located just south of 180th st., and about a hundred yards east of the built up area of unit 2.

Mr. Beam explained the advantage to the community in voting for the school at the May 3 referendum. He described at length the financing steps of the two possible ways for our community to buy a school. The first way involves the use of state aid funds which are lent to us, interest-free. The other method would require a delay of approximately two years in order to establish sufficient bonding power from tax valuation to float the loan ourselves. Either method gives us a school worth about \$114,000—the first one gives us a school NOW, when we desperately need it, with a savings of \$45,000, chiefly as a result of the interest-free aspect of the state aid system.

The PTA urges everyone in the community to vote YES for the new school, and to vote YES for the necessary tax increase which is needed to pay back the state funds and maintain the school. The tax increase per home per year, is only about \$15.00. A small amount to pay for this excellent school.

Homeowner's Association

Sack cloth and ashes for the typesetter—due to a typograph-

ical error the chairmen of the standing committees came out rather garbled. Ray Gaertner is chairman of the Covenants committee, Eugene Landenberger of the By-Laws committee and Mrs. E. B. Wulf social chairman. Is all forgiven?

United Christian Church

Plans for an adult choir have been finalized and the first practice will be Thursday, April 24, in the Homeowner's house, 179th and Thomas Lane. Please don't stay away merely because you lack a trained voice or are unable to read music well. And all that is needed is the enjoyment of group singing plus the ability to carry a tune. Mrs. Lupien will be the accompanist.

Registration is still open for the daily vacation bible school. It will be held from June 9 to June 20 in the Homeowner's building—9 a.m. to noon. Register at Sunday school or call Mrs. Alice McKenzie, SY 9-5399.

Sunday school for school age children will be in the Homeowner's building at 9:30. Church at 11 a.m. with Sunday school for pre-schoolers and nursery for toddlers. Babies in baskets at Ramseyer's this month, 1921st Anthony. All Protestants in the area are invited to attend.

Mother's Club

There was a special meeting April 23 in the Homeowner's building. Donations and projects for the Fun Fair were collected, contributions are still more than welcome.

Clarence Beam was present and showed the members plans for the new school and explained how it can be obtained.

Fire Department

The open house last Sunday afternoon was a wonderful success. All the members of the department were most helpful and hospitable and everyone came away most impressed by the equipment. Chief Frank Daniels reports representatives from the following Volunteer Fire departments were present: Grandview, Homewood Acres, South Holland East Hazelcrest, Chicago Ridge, Burbank Manor and Palos Park. All our men had a great time meeting the residents and visiting with the "visiting firemen."

Plans are coming along swimmingly for the first annual Fireman's dance to be held May 17 in the VFW hall in Homewood. Remember the slogan "You come to our dance, we'll come to your fire."

Boy Scouts

The report from the week-end campout was that it was a howling success in spite of the rain, with 21 boys making the trip.

Remember the board review this Friday, April 25.

Miscellany

This seems to be visitor week on Baker st. First to arrive was the brother in law of Eve and Roger Chavanne, Hans Schweizer. Mr. Schweizer is an associate professor at the Swiss Federal Institute of Technology in Zurich. He is doing research in Switzerland for an American firm and is now on a trip thru the United States. It was the first visit to Chicago for Mr. Schweizer.

Mr. and Mrs. Herbert Schwenk of North Olmstead, Ohio spent a short time with their son and daughter in law, Don and Bethanne Schwenk, en route to Mexico City. The senior Schwenk's expect to spend 10 days south of the border and then spend a few more days here on their return.

Mr. and Mrs. Charles Taylor and their sons Jimmie, Ronnie, Lyle and Larry are spending four days here with Mr. and Mrs. Gordon Eggers. The Taylors are from Independence, Mo.

A demonstration was held at the home of Lee Raddatz, 18140 Mary Ann lane April 17. Guests from Country Club Hills were: Jackie Honza, Rosemarie Laux, Edna Thacker, Mary Lou James, Marjorie Lanigan, Marilyn West, Shirley Miller, Florence Million and Ruth Letourneau. Amy and Wesley Zimmerman

and the four children spent the week end with friends in La Grange, Ind. The town is only 10 miles from the Ohio border so the Zimmerman's were able to drive almost the entire length of the new Indiana toll road.

Business and Finance

By MAURICE P. ANGLAND

Erosion of the purchasing power of the dollar, is the subject of numerous articles in

general news sections as well as financial journals. The Chicago Daily News is carrying a new series of articles by W. M. Kiplinger on inflation and the un-

precedented boom that is expected to start with 1960.

The last issue of Newsweek in the column titled "Business Tides" is devoted to inflation as it effects us now and anticipation of future nearby years.

The article points out that altho the President pointed out the penalties in loss of dollar purchasing power by spending beyond the nation's income, these pious remarks were not confirmed by actions.

The President advocated an increase in unemployment insurance and signed a \$1.8 billion "emergency" housing bill and abolished even the 2 per cent down payment on G I mortgage loans. The congress also passed the \$1.8 billion highway construction bill. The Federal Reserve Board has taken successive steps to reduce interest rates until now the Federal Reserve rediscount rate is 1 3/4%.

The article in Newsweek quotes a book by Franz Pick titled "The United State Dollar" in which the author states that whenever a currency loses more than half of its value in less than a generation, that currency is doomed. The dollar has lost over half of its buying power since 1940 and the author does not believe the erosion can be halted.

The Newsweek financial editor and other financial men do not agree in this opinion of defeatism. However, constant erosion of purchasing power has been the history of all monetary units over a period of years.

Mr. Pick points out that the numinal dollar value of our national debt in 1940 was \$49 billion and increased to a present figure of \$273 billion at this time. On the basis of the 1940 dollar's purchasing power, the national debt is only \$133 billion. Government bond holders have lost billions in purchasing power.

Politically, it is likely more votes are gained by spending than by going thru the process of belt tightening to pay for previous excesses. Such payment for excesses entails increases rather than decreases in purchasing power. This has never been achieved over a longer period. Most people seem to like a little inflation for themselves and deflation for their suppliers.

Well selected common stocks have advanced in value, over a period, at least as much as the dollar depreciation. This trend of investment funds to common stocks has been increasingly heavy in the last few years. Endowment funds of the big universities are now heavily invested in common stock contrasted with only a few years ago when half or more in bonds or other fixed obligations was not unusual.

Many states have been changing their investment laws as they relate to legal investments for trust funds, etc. In the eastern states where the handling of estates and trusts is in great

er volume and with greater heritage for such activity, laws have been changed to allow better protection of purchasing power for such trusts and estates.

In New England many banks purchase Mutual Funds for the bank's own investment account.

Sandburg High to Aid WTTW-TV In Fund Drive

Carl Sandburg high school, Orland Park, is participating in the community campaign to raise funds for WTTW, Chicago's educational television station on Channel 11.

Supt. William O. Fisher, has offered the full cooperation of the student bodies to help meet the cost of operating the non-profit station. Sandburg is one of many schools offering to aid the station; Arbor Park is another in the area.

Dr. John W. Taylor, executive director of WTTW, reminded parents in a recent address that "WTTW exists in Chicago largely because over 300 thousand parents wanted it—they wanted enough to contribute over \$350 thousand dollars toward building an educational television station. Channel 11 will never be fully self-supporting any more than the Orchestral Association, the Art Institute, or almost any university you can name. However, our short experience (WTTW is now three years old) has shown us that the community will continue to support something they believe

worthwhile." Business and industry and concerned individuals have raised over half the amount needed to meet the 1958 budget; an additional \$140,000 is still needed.

Chicago Asks ICC To Study Fare Boost Sought by Ill. Central

(CNS)—The City of Chicago has asked the Illinois commerce commission to make a statistical study of evidence submitted by the Illinois Central railroad which seeks a 30 to 70 per cent fair increase.

The fare hikes would boost the cost of the highest-priced commuter tickets from \$22.77 to \$38.58. This is the 54-ride monthly ticket between Randolph street in Chicago and Richton.

Comparable increases would be reflected in other commuter fares for such suburban stops as Homewood, Flossmoor, 211th street and Matteson.

State to Build New Auto Licensing and Testing Station

(CNS)—The state of Illinois has purchased a site for a one million dollar auto licensing and testing station to serve the south and southwest sections of Chicago and Cook county.

The location, covering almost five acres, is on the east side of South Park avenue, north of 100th street, in Chicago. The site is convenient to the network of superhighways planned or under construction in the area.

The sales price was not disclosed as the state settled out of court its condemnation suit to acquire the property. However, some sources estimated the cost at about \$300,000.

It also was said that Secretary of State Carpentier hopes to get construction of the new facility underway by summer.

The station will be one of three erected in Cook county by the state and will replace rented facilities at 334 S. Ashland, Chicago, and also nine outlying examining stations.

Total cost for the three new stations has been estimated at three million dollars. The other stations will be constructed on the west and northwest sides of Chicago. The stations will be three-story buildings, plus basement. Besides the administration building, each station will have space for driver testing lanes.

The monthly meeting of the board of directors and officers of the Kimberly Heights Homeowners' association was held April 9.

Otis McNamara, chairman of the sanitation committee, reported he had attended a meeting of the Tinley Park Village council, as he had been informed that the proposed sewer system would be discussed. However, this subject was not discussed.

George Ames, chairman of the liaison committee, reported he had met with the Neighborhood committee and had offered them the full support of the Kimberly Heights Homeowners' association. He was informed that although the Neighborhood committee has been formed in compliance with covenants established by the developer, proposed home plans have not been submitted for the approval.

Know Your Neighbor

St. Louis Mo., was the birthplace of Robert J. Brown, of 16460 Beverly drive. Bob attended Western Military academy, Missouri university and Westminster college before becoming a salesman for Ashland Oil & Refining company.

His wife, Latoosa, since she hails from Claremore, Okla., was no doubt named for a princess in some famous Indian legend. She left her home state for New York for further education, but returned to Oklahoma, where fate had ordained she was to meet her future husband.

The Browns were married in Tulsa and moved to Chicago, where they lived for five years before deciding that they would prefer to raise their family in a friendly suburban atmosphere rather than the big city. Young Randy, now three, is a happy member of the sand box and swing set, and 10 month old Steve is one of Kimberly Heights' earliest native sons.

School Board Election

The Arbor Park school board election returned the three incumbents, Theodore Reimer, Charles Wolf and Marie Holcumb, to office for another three years. Let's give them all a big hand for past years of service to their community, and our continued support for the new term.

On the referendum regarding increasing the school tax rate, the majority were in favor of the measure, with only 17 negative votes.

Mr. and Mrs. Roman Koleczek, of 16531 Ridgeland, are receiving congratulations on the birth of their fourth son, who arrived April 12, weighing in at slightly over seven pounds, even though a few weeks early. Rozanne, 9, is just a tiny bit disappointed that he didn't turn out to be a baby sister, but the boys are delighted to have another baseball player.

Janice Schueler, of 6341 Kimberly, at last had plenty of playmates when her Uncle Al from California brought here three cousins, Karen, Billy and Phyllis Jean Belaban, plus their dog, Cindy, for a short visit. Janice loves school, but it must have been hard to get on that school bus and leave them all for six long hours.

Mrs. Robert Hebert, Mrs. Harold Rennpage and yours truly were among the thousands of volunteer workers all over the country who went out ringing doorbells this week to help raise funds for the American Cancer Society's Cancer crusade.

Sunday was probably a bad day for us to solicit donations for however worthy a cause, with most of the residents of Kimberly Heights still in a state of shock following receipt of their first real estate tax bills, but we wish to thank sincerely all those who responded to our appeal, for their generosity.

My Neighbors

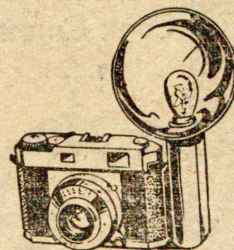

"I can't stand these high taxes. Marry me and we'll start raising some deductions!"

"Boy's don't want their fathers to be pals. They want them to be fathers and to take their proper place."

I have been asked recently about application of the dormant spray for fruit trees. This spray should not be applied after the buds start developing. A continuous spray program thruout the growing season will help to produce a better crop of fruit. For a simplified spray program for home owners with half a dozen trees, write this office for your free copy of Circular No. 524, "Growing Fruit for Home Use." For a specific recommendation on apples, write for a copy of Fruit Leaflet No. 2.

Farmers in this area will have an opportunity to see 10 oat varieties growing side by side in our oat variety plot. The plot is located on the Herb Kohl farm and is situated right next to Volmer road, about an eight of a mile east of Cicero ave. The varieties included in the test this year are: Minhafer, Beedee, Burnett, Fayette, Putnam, Nemaha, Newton, Clinton, Clinton and Clarion.

The purpose of this plot is to determine the adaptability of these different varieties to this area. If conditions are favorable a field day will be held just prior to the harvest.

If you have a strawberry bed, now is the time to remove the mulch from the plants. Shake up and loosen the mulch and partially remove that portion which covers the plants. Plants may be allowed to grow up thru the remainder.

Farmers, elevator operators, and others with grain in storage can take a tip from the biggest grain "merchant" of them all—the multibillion dollar Commodity Credit Corporation. CCC is buying 1,000 gallons of the insecticide malathion to protect 8½ million bushels of grain from damage by insects.

High school juniors and seniors will be interested in a new booklet entitled "Careers in Agriculture". This booklet dis-

cusses the vast opportunities in the field of agriculture. The booklet outlines the preparation necessary in high school for attendance at college. You can also get some idea of the personal and social opportunities available at the University, as well as tuition fees, scholarships and enrollment procedures. Write for this booklet to the Associate Dean's Office, Mumford Hall, Urbana.

In spite of the high standard of living we enjoy today, the USDA food consumption survey indicates that U.S. farmers' diets were somewhat deficient in at least one essential nutrient. Deficiencies range from 10% for vitamin "C" to 3% for Riboflavin and Thiamine. From this, it seems there is room to improve diets and increase food consumption at the same time.

URGE LOWER TAXES

"Any lingering doubt that the need for income tax rate reductions had reached the full-blown status of critical urgency was dispelled at the 24-day House Ways and Means Committee public hearings.

"A parade of witnesses—representative of all facts of the nation's economic life—offered strong evidence that the current business recession results largely from oppressive personal and corporate tax rates and that reform of these rates is vital to recovery."

The school board of district 33-C met Monday evening and held their re-organization meeting, naming Russell Lauffer for president and Ray Carlson, clerk. Each man succeeded himself. The group also planned a work day at the school yard for Sat., April 19, when they took their machinery and leveled the ground for seeding. They were assisted by the town officials who brought township graders.

Homer Boy Ends Furlough
Airman 2-C Edwin Lein, son of the Edwin M. Leins of 138th st. has left for his base in Kansas after spending a furlough at his home. He recently returned from a tour of duty which took him to Portugal, Spain, Africa and England. He expects to be with the air force for two more years.

G. C. Frazer and John Hollister went to Lacon Wednesday to attend a layman's meeting of Continuing Congregational churches. Mrs. Roy Hanson and Mrs. Robert Shepherd, Sr. went to Chicago Wednesday to attend a woman's organizational meeting of the Continuing churches.

Mr. and Mrs. Roy Parker and Mr. and Mrs. John Hollister attended the wedding of Miss Shirley Cates and Robert Martin in the Ingalls Park Methodist church, Joliet last Saturday.

Susanne and Edna Mae Burcham spent Saturday with relatives in Chicago, where they went sight-seeing.

Mrs. Henry Reed spent the past week with her son, Elwyn and family. She is under the doctor's care.

Joyce Habenicht spent several days with her family here recently because of illness which kept her from her duties at Wesley Memorial hospital where she is in nurse's training.

Brian Hollister fell at his home last week receiving a cut on his face and head which required several stitches.

The Woman's Missionary society of Homer church will sponsor a bake sale Saturday, April 26, at the Peter's shoe store, State st., Lockport, beginning at 12:30 p.m. All members and other interested women are asked to contribute baked goods or food for the sale.

A fellowship dinner will be

held at the church following the morning service Sunday, April 27. Planning the meal are Mrs. Theodore Grimm, Mrs. Frank Townsend, Mrs. Reed Burch and Mrs. Robert Shepherd. This will afford an opportunity for new members and old to become better acquainted.

Word has been received of the death of Kenneth (Max) Bird in his home in Portland, Ore. He was the youngest son of the Henry Bird family who lived for many years on the place now owned by the Wrey Whites. He had been in poor health for some years and died following a paralytic stroke.

The North-West Fire, Dept. Auxiliary are planning a Silent Auction to be held in May.

New homes are being built by the John Hasibars on Bruce Road and by Ted Czimer on Route 7.

Passing Of Mrs. Aspel

Mrs. Mary Aspel of Lockport, aged 85, died in St. Joseph's hospital Tuesday, April 15, after a short illness. Funeral services were held from the Miller funeral home in Lockport, Thursday morning, to St. Dennis church, with burial in Calvary cemetery.

Mrs. Aspel was born in Homer township and lived in the area all her life. For the past forty years she lived in Lockport. She was a member of the Holly Camp of Royal Neighbors.

She was the widow of James

Aspel who died in 1940, and who was a former Lockport police chief.

Surviving are four daughters, Mrs. Alice Jungles and Mrs. Mabel Brisee of Joliet; Miss Agnes Aspel of Lockport, and Mrs. Edna Schorn of Chicago, three sons, Frank of Joliet, Howard and Edward of Lockport; 14 grandchildren and several great grandchildren, also many other relatives and friends.

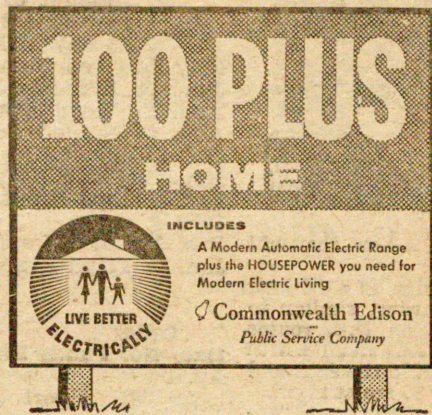

John Reed entertained a group of school friends at a Rialto theatre party Saturday afternoon in honor of his recent birthday.

Experimental work at the U. of I. shows that the best location for band fertilizer at planting time is below and to the side of the seed. High concentrations of nitrogen and phosphorus salts placed too close to the seeds and sprouts cause most fertilizer damage.

"You realize how definitely time marches on, when there are but two of you to march and when a family reunion with a perfect attendance, could be held at any hour of the day."

Tips on Touring

Women's Travel Authority
New Signs Are Coming

Here's a long range preview of the new easy-to-read route markers you'll see on the country-wide network of the National System of Interstate and Defense Highways. Since many of the system's highways still have to be constructed, you may not see the signs for

a while, but here's how they will look:

The primary sign is a 36-inch shield-shaped marker, similar to the shields used on U.S. routes since 1926. Reflectorized white print on a red and blue background will make it easy to see at night.

Signs will carry the word "Interstate," the name of the state, and the route number.

Route numbers will not exceed two digits unless a letter is added to indicate direction. Even numbers mean highways running east and west; odd numbers, north and south. Numbering will begin in the south and west, respectively.

A smaller, 24-inch, shield will be used on U.S., state or major city routes to indicate an intersection with an Interstate route.

An 18-inch sign, known as a "Trail Blazer," will be used to guide traffic to Interstate routes.

Liberty Farmer Is Appointed to Farm Credit Board

Melvin E. Sims, Liberty, Ill., has been appointed by R. B. Tootell, governor of the Farm Credit Administration, as a member of the Farm Credit Board of St. Louis, to fill the vacancy created by the death of Charles R. Pinnell, Ashmore, Ill., according to an announcement made today by S. A. Morrow, General Agent of the Farm Credit Banks of St. Louis. The term of his appointment will expire December 31, 1958.

Sims is an Adams county farmer, specializing in cattle and hog production. He is a graduate of the College of Agriculture of the University of Illinois. In 1955 he was named outstanding young farmer of the year. He is a member of the Illinois Junior Chamber of Commerce, an officer in three local cooperative associations, and is vice president of the Illinois Farm Supply company. He takes an active part in the Farm Bureau and in 4H Club work.

Tennis was purely an amateur sport until 1926.

3rd-4th Grade Pupils Entertain at Ann Rutledge PTA Meeting

Third and fourth grade pupils, under the direction of Mrs. Charlotte Daugherty, assisted by Mrs. Robert Wheeler and Mrs. George Kachler, accompanist, entertained parents at the PTA meeting on April 14. Wayne Ronson was the announcer. The program opened with the Pledge to the flag.

A skit, entitled "The Weatherby's Go to the Circus" was presented by Patricia Balsie, Marilyn Kluth, Dale Knapp, James O'Connor and Melvin Swinson.

There were square dances and songs by the entire group.

Besides the children already mentioned, the others were Donald Ball, Virginia Dixon, Karen Henk, Gloria Kubick, Katherine Marting, Karen Olsen, Charles Smith, Katherine Rucker, Thomas Staten, Elaine Urbano, Carol Van Donk, James Vaughn and Jayne Wheeler.

A solo, "Five by Two" was sung by Patricia Balsie, who accompanied herself on the ukelele.

The business meeting opened with a poem, "Do You Just Belong" read by Mrs. Donald Ball.

Lloyd Alton, vice president presided in the absence of the president, Mrs. Walter Neidringhaus.

An announcement was made by Jay Bissell that there will be Little League and Babe Ruth league teams this year. Walter Neidringhaus is in charge of the former league and Bissell will handle the Babe Ruth league.

Play Day for the school children and those entering first grade next September will be held Wednesday, May 28, in the school.

Refreshments were served by the hostesses, Mrs. Marvin Kluth, Mrs. Steve Kubeck, Mrs. Floyd Martin and Mrs. Henry

Ronson. Plans are underway for the annual graduation banquet to be held May 24, in the school.

Mr. and Mrs. Thomas C. Taylor and daughter Kathy, of Gary, Ind., spent the weekend with Mr. and Mrs. William C. Davidson.

The auxiliary police will meet at 7:30 pm. April 27, in the Ann Rutledge school.

Mrs. Howard Bluth and small son Steve, are visiting her parents, Mr. and Mrs. Al Swatek. Mrs. Bluth, who underwent a surgical operation a short time ago, is recuperating satisfactorily.

Mr. and Mrs. Cal Heath Jr. and Mr. and Mrs. Donald Ball spent three days in Springfield last week where the men were delegates to the PTA convention. While there they visited Lincoln's home and his tomb at New Salem.

In an emergency, the value of medicine can hardly be reckoned in dollars. Medicine is priceless when needed.

Yet it is an interesting fact that nationally the average cost of a pharmaceutical prescription is about \$2.50 — and more than half of all prescriptions cost less than \$2.00. Although higher than 20 years ago, the increase in the cost of medicine lags far behind that of other, and less essential, commodities.

When you purchase a prescription, you are sharing in the fruits of scientific research. You are getting today's best buy.

The President's \$73.9 billion budget for fiscal 1959 breaks down as follows: \$47.1 billion for national security projects; \$16.4 billion for benefits of various kinds; \$7.9 billion for interest on the national debt; \$2.5 billion for general government. Revenues, estimated at \$74.4 billion, would come from these sources: \$38.5 billion from individuals; \$20.4 billion from corporations; \$9.3 billion from excise taxes; \$6.2 billion from other levies.

Scholarship Exams Set For This Saturday

Seniors of public and private high schools are reminded of the forthcoming University of Illinois scholarship tests by Vernon L. Nickell, state superintendent of public instruction and ex officio trustee of the university.

The enabling statute which provides for these examinations Nickell said, sets the last Friday or the last Saturday of April as the date for giving the examinations. Such tests are arranged for and given by county superintendents of schools. The majority of county superintendents will give the tests Saturday, April 26, with the balance conducting examinations the previous day.

The university awards six scholarships annually in each of the state's 102 counties on the basis of examinations. The scholarships include one each as follows: one as a general scholarship, one for a child of a World War I veteran, one for a child of a World War II veteran, one for a child of a Korean War veteran, one in home

economics and one in agriculture. Preference in the veteran scholarships is given to children of deceased or disabled veterans.

The examinations in Will and Cook counties will be held April 26, at the courthouse in Joliet for Will county and at Lake View and Parker high schools in Chicago. Details may be ob-

tained from County Supt. Verne E. Crackel, Courthouse, Joliet or County Supt. Noble J. Puffer, County building, 69 W. Washington st., Chicago.

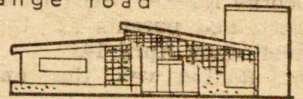

Pets do not need to be bathed as frequently during the winter months, veterinary authorities say, because lice and mites are not as numerous as in warmer months.

Plow Plays Vital Role In Man's History

ROBERTS MANN
Conservation Editor,
Forest Preserve District

At a country crossroads about five miles northeast of Joliet, near Lockport, is a weathered stone monument with this inscription: "In memory of John Lane who made the first steel plow in 1833 on this farm." He

is one of hundreds of farmer-inventors who have made American agricultural tools and labor saving machinery known and envied throughout the world. In contrast to the slow cumbersome methods of the Old World, our efficient well designed farm implements have speeded up and lightened almost every task. The American farmer now produces more with less labor than any other on earth.

Stated briefly, the present day plow cuts a slice of earth, turns the slice upside down, and then crumbles it. The plow may be pulled by horses or by a tractor; be a walking plow or mounted on wheels; be a moldboard plow or the disk type. In all of these the purpose is the same. Plowing prepares a granular seed bed, controls weeds, and turns under crop residues, weeds and manure to rot and add to the organic matter of the soil. In addition, plowing helps regulate soil ventilation, moisture, temperature, and makes plant food more readily available to the planted crop. Tillage of the land starts with the plow.

Began With Stick

Over 5000 years ago some prehistoric farmer, perhaps in Mesopotamia, got the bright idea of hitching his ox to his digging stick - and so the plow was invented. Such primitive stick plows still are used in some

parts of the world. The ancient Romans shod the point of the plow with iron or bronze to protect it from wear as it was drawn through the soil by yoked oxen. The first people to improve the Roman plow were the Dutch, who needed a more perfect implement to do satisfactory work in their soils. Their plow seems to have foreshadowed the fundamental principles of the modern plow - a curved moldboard for turning the soil to one side of the furrow. It is doubtful whether any of our modern inventions has really meant so much to the welfare of the race as has this humble implement.

Both here and abroad many persons are given credit for the development of the moldboard plow but the greatest improvements were made in America. The plow of colonial days was a heavy affair made of wood and wrought iron with a beam ten feet long. The point or share which cuts the soil was iron but the moldboard was of wood, often carved from a twisted tree trunk. It took several teams of horses or oxen to pull one and it needed repairs often. In 1797 a plow of solid cast iron was patented in New Jersey and soon Thomas Jefferson invented one with an improved moldboard which could be pulled more easily. In 1836 Daniel Webster made a special plow to break newly cleared land.

Scouring Is Answer

When the early settlers came to Illinois they avoided the prairie regions which now have our most productive soils. This was mainly because their plows could not successfully break the tough sod formed by the matted roots of grasses and other prairie plants. Even though five to ten yokes of oxen were pulling, the sticky black soil clung to the moldboard and had to be scraped off every few steps. For this reason John Lane made a moldboard from a polished steel circular saw blade which would "scour" - remain bright and slick without cleaning. In 1837 John Deere, a blacksmith of Grand Detour, Ill., made further improvements and founded the farm implement company that bears his name.

Today, plows on wheels turning two, three four, five - or even up to twenty furrows at once - are operated by one man driving a tractor.

Name Chairman of Orland Park Cancer Crusade

Mrs. Mabel Ekberg of 14332 Beacon ave., Orland Park, has been named Orland Park chairman for the American Cancer Society's April Crusade. The appointment was announced this week by Edward H. Denk, 273 Rich, Park Forest, south suburban chapter Crusade chairman.

Mrs. Ekberg will be responsible for organizing volunteers in Orland Park for the forthcoming door to door cancer canvass.

The traditional house to house drive, held in the south suburban chapter April 20 to 26, has a dual purpose. Volunteers will distribute life saving information on cancer control and collect funds needed to continue the current ACS program.

Funds donated to the Cancer Crusade go directly to the society's three point program of research, professional and public education and service to cancer patients.

In accepting the post, Mrs. Ekberg said, "It is estimated that 255,000 Americans will die of cancer in 1958, if present rates are not checked. Cancer knows no age boundaries and will strike two of every three families. The objective of the ACS - to find the cause of and cure for every type of cancer - can only be attained through continued research."

Mrs. Ekberg is serving her

third year as an ACS volunteer. She was also active in the March of Dimes, Red Cross, Poppy Day drive, and Salvation Army tag day. She is president of the Orland Park Woman's club, and is a member of the American Legion Auxiliary, PTA and Royal Neighbors. Serving as Co-chairman is Mrs. Gertrude Pihl of 108th st., Orland Park.

EVERY SUNDAY AFTERNOON

IS SWAP DAY AT THE HILLTOP DRIVE-IN THEATRE

(On Route 6, 1 Mile East of Joliet)

Bring the used articles around the house that are taking up space, put them in the trunk of your car and park in the "Selling Area" of the theatre. Then all you have to do is open the trunk to display your articles, with your price tag on the items, and you're in business! If you have heavy items, cart them in a truck or trailer. You keep every penny you collect. The Hill Top charges 35c admission for each vehicle, regardless of how many occupants are in the car or truck. Articles sold so far have included everything from toys, produce, flowers, clothes, variety items, up to appliances, furniture and farm equipment.

The play area will be open for the kiddies, and, they can have free Jeep rides. The cafeteria will be open also and recorded music is furnished by Station W.J.O.L.

Drive out Sunday afternoon and
browse around. You'll have fun and if
you're selling, you'll profit, too.

Foresees Crowded Classrooms for Many Years, Says School Official

(CNS) Elementary school enrollment is computed at 160,156, but that for 1962-63 is 235,254, an increase of 75,098. The biggest increase was 13.3 per cent in 1953-54, when the total went from 100,065 to 113,390, followed by 124,610 the following year, an increase of 9.9 pct.; 137,421 the next year, or 10.3 pct., and 147,521 in 1956-57 or 7.3 pct.

The differential in amount is due to the postwar bulge in births having passed its peak in the elementary schools in 1953-54 but still being evidence in high school figures.

The 1957-58 elementary school

in the ninth grade because of transfers from private and parochial schools, the largest elementary increase before 1963 is 9.2 pct., to 174,976 in 1958-59, followed by 8.9 pct. the next year, to 190,582.

The present high school enrollment is 61,580 which is figured to reach 97,598 by 1962-63. The biggest increase was 16.8 pct. in 1956-57, from 47,036 to 54,943, followed by 13.8 pct. this year, to 61,580; 8.9 pct. in 1958-59, to 67,088, and only 6.8 pct. in 1959-60, to 71,625.

One thing appears sure—there won't be any empty classrooms for years.

Only persons who have been dead for ten years can qualify for election to the Hall of Fame.

Palos School Hopes To Settle Site Deal Without Lawsuit

(CNS)—School District 117 in Palos township is continuing out-of-court negotiations in its attempt to acquire a five acre tract near 103rd street and 88th avenue.

Meanwhile, Superior Judge Donald S. McKinlay has continued to April 29 hearings on the districts condemnation suit to acquire the site.

Rose Lucas, owner of the property, died earlier this month according to Franklin Chino, law partner of the school district's attorney, Peter G. Schultz.

Chino said the school district

and the administrator of Rose Lucas' estate are "close to a settlement."

The school district recently settled a condemnation suit for another five acre tract out of court. The parcel, at the northeast corner of 88th avenue and 91st street, cost the district \$14,000.

The land in the estate of Rose Lucas is part of a parcel to give the district its third school site.

Jackets and sweaters for shorthaired house dogs are not idle luxuries during winter months, when the animal must go out, say veterinarians.

Southlands

The Southlands Area Has New Correspondent

RUTH UITTO
KE 2-3038

Doris Wolfson who has enjoyed writing the Southlands column for this paper but due to studies has asked me to "carry the ball" on happenings in our community. A former issue of the Tinley Park Times tells us she has maintained high averages in her studies at the University of Illinois. I am sure residents of the Southlands and Tinley Park has enjoyed reading her column.

This column will continue in print if residents will report news to me at KE 2-3038 or drop a note into my mail box—middle one of three on Overhill ave. across from 17221 by Sunday night.

Nazarene Church Baseball

Spring, of course, means baseball; especially for Tinley Park Nazarene church. They will be in two softball leagues this season. One will be the Chicago Area Nazarene league, represented by Harvey, Argo, Worth and several Chicago entries. A number of boys from Southlands are members of the team which gained the playoffs last year. At the present time their big problem is to find a shortstop to replace the steady Gary Bressi who recently joined Uncle Sam's team.

Scout News

Troop 256 and Pack 256 wish to thank everyone who helped in the recent scrap drive including those who helped by placing their paper by the road and those who called for pickups. The proceeds of the scrap drive (\$55) will be used to purchase needed equipment.

Pack 256

Application for the new charter was made March 20. George Freed was registered as Cubmaster, John Moskal assistant cubmaster, Mrs. Mary Goble and Mrs. Grace Flood, den mothers. The pack committee consists of Howard Jones, chairman; Joe Yokley, Robert Oehman, and Harry Werner.

Registered for troop 256 were: Eugene Thomas, Scoutmaster; Gene Kelly, assistant Scout-

master; Albert Richard, Explorer advisor. Troop committee consists of John Hundley, chairman; Lester Rockrohr, Joe Yokley, Robert Oehmen, and Harry Werner.

The troop under the leadership of Mr. Thomas and Mr. Kelly will hold a two day camp out at a nearby farm on May 3 and 4. The boys will have a chance to pass many of the first and second class requirements on this camp out.

Personals

Walter and Lois Knoblock, 173rd and Oconto celebrated her birthday recently at the Crossroads restaurant. Their son Ernie just returned from a visit to grandmother's at Elgin.

Kay Collins held a farewell party for Allen Spainhour at her home for the young people of the First Baptist church.

Meet our new school board member Joe Yokley of Oriole ave. Congratulations and good luck, Joe! His son, Ray attends Kirby McIntosh school and daughter Kay attends Carl Sandburg high school.

Mr. and Mrs. Dean Pettit and boys Tracy and Happy, 2½ and 1, spent the week-end at Medaryville, Ind., visiting Mr. and Mrs. Ray Callahan, former residents of Tinley Park. Mrs. Callahan recently returned home from the hospital.

In spite of the much-needed rain shower, Karen Seppa's 5th birthday was enjoyed by eight of her friends on Saturday. Circus cake and clown ice cream sundaes were the main attraction, along with lovely gifts. Mr. and Mrs. Karl Seppa, Overhill ave. She is the eldest daughter of hill ave.

A few houses away, Gail Snyder, daughter of Mr. and Mrs. Ivan Snyder, celebrated her 12th birthday. She was presented a record player. Friends in attendance were Maureen Greig, Becky and Kathy Rex.

Mrs. Blanch G. York has returned to Lexington, Ky., after a two week stopover at the home of Mr. and Mrs. Charles Evans, Overhill ave. She was returning home after a 6-month visit with her son in Oregon.

The Southlands Property Owners Association will hold a bake sale May 3 at 9:30 a.m. in the National Food store. The next regular meeting of the Association is May 1.

The Kirby School Mothers' club held a successful hot dog lunch at the school Tuesday. Children, as well as teachers, enjoyed the sale.

Cats, declawed under local anesthetic, will be much easier on furniture and draperies and less likely to cause injury to children, veterinary authorities say.

Tinley Personals

Mr. and Mrs. John Swisher enjoyed a weekend recently at New Albany, Ind. A high point of the visit was a dinner party at Colonial Manors for old friends.

Mr. and Mrs. Richard Thomas of Blue Island announce the birth of a daughter, born April 6. Mrs. Thomas is the former Joyce Witherspoon of Tinley Park.

Mr. and Mrs. Harry Douglas are visiting in sunny California with their son Dick and family.

CHRISTIAN SCIENCE CHURCHES

The vital importance of spiritual growth will be emphasized at Christian Science services Sunday, April 27.

Keynoting the Lesson-Sermon entitled "Probation after Death" is the Golden Text from Jeremiah (17:7): "Blessed is the man that trusteth in the Lord, and whose hope the Lord is." Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (406:20-25): "We can, and ultimately shall, so rise as to avail ourselves in every direction of the supremacy of Truth over error, Life over death, and good over evil, and this growth will go on until we arrive at the fulness of God's idea, and no more fear that we shall be sick and die."

From the Bible will be read the following (Luke 20:38): "For he is not a God of the dead, but of the living; for all live unto him."

LINCOLN LOG

VISIT ARGONNE LABORATORIES

Members of the biology class es were privileged to tour the Argonne National Laboratories. The tour started and centered around biological experiments and finds in radiological work, including such areas as the zoology building, the cyclotron, and the green houses. In the biology laboratories they saw countless numbers of animals used for experimentation with radiation to find its relationship on life. They were curious about many of the ex-

periments and asked questions about methods of experimentation, purpose, and intent. They were amazed at the amount of work necessary before any conclusion could be derived. For instance, one of the studies used about forty thousand mice and required two IBM cards be kept on each animal. This study proved to the students that experiment work is logistical as well as biological.

At the greenhouses each study being conducted was explained to the students. This was detailed in the study not only required growing the plants under radiological conditions, but also analyzing the final results in the laboratories. Here, surprise was registered by many students, in that for most of the experiments ordinary farm and roadside plants were used rather than select or the other desirable strains.

Of particular interest was preparation and demonstration involving the electron microscope. Also at the cyclotron eager eyes were observing a team of busy scientists preparing a detailed study for the Geneva conference next fall.

In all three and a half hours of busy investigation in learning was squeezed into an enjoyable afternoon. Accompanying the group were instructors, George Abraham and Thomas Hake.

HOMEMAKERS

The Homemaking Department of Lincoln-Way is again planning to have a "nursery group" for children of the Lincoln-Way community district for May 5-9. There will be two group sessions each day, one in the morning and one in the afternoon. Each group is limited to 20 children.

We would like to have your child in our "nursery group" if he is 2 to 5 years of age.

Our nursery groups are for the purpose of helping high school age students learn to understand children, and in turn understand themselves.

Sessions are scheduled from 8:20 to 10:20 in the morning, and 12:30 to 3:00 in the afternoon. Fruit juice and cookies will be provided in the morning and afternoon, but no meals will be served. There is no cost to the nursery.

If you want your child to join the pre-school play group in the Homemaking Department at Lincoln-Way, please call New Lenox 2051, and ask for Mrs. Foster or Miss Wise. State the age of your child, whether boy or girl, and which session you prefer.

CHEERLEADING CLINIC

All eighth grade girls are invited to attend a cheerleading clinic on May 3 and May 10. The clinic will be held at L-W in the girl's gym from 9:00 to 11:30 a.m.

The first Saturday will be devoted to helping the girls with the basic cheerleading techniques. The second Saturday will be for the selection of the Freshmen-Sophomore squad of cheerleaders for 1958-59. This clinic is not for only girls who are cheerleaders now, or have been in the past, but it is for any girl who is the least bit interested in cheerleading. Experience is not necessary, so if you are interested, please come.

Bus transportation will be provided from the five locations at the time listed below.

Each girl participating should bring shorts and tennis shoes.
New Lenox—Rollie's Service Station, 8:45 a.m.

Manhattan—Murphy's Garage, 8:30 a.m.

Mokena—Florey's Service Station, 8:15 a.m.

Frankfort—B & M Lumber Co., 8:30 a.m.

Lincoln Estates—Clover Leaf Store, 8:45.

PTA to Investigate Possibility of Hot Lunch Program at Orland Pk.

By MRS SHERMAN KNOX
The possibilities of initiating a hot lunch program at the Orland Park grade school are being investigated by a PTA committee, with Mrs. Eugene Paschall as chairman. With the building addition, room will be available, but funds for equipment would have to be raised.

This week, questionnaires are being sent to parents of grade school children. Further work on this project will depend upon the number of questionnaires returned which indicate positive interest in a hot lunch program.

Such a lunch program would be self-supporting and would not come out of the school budget. Fees charged for lunches would, with Federal aid, defray cost of food and of hired personnel to prepare it.

Under the School Lunch Act, schools can receive Federal aid both in money (approximately five cents per lunch) and in surplus commodities. Last year the amount of government commodities received by Carl Sandburg amounted to about one-fifth of the food used. This program channels food out of warehouses and into hungry youngsters. It stimulates local trade. In Wisconsin, school officials spent more than \$5 million to purchase food locally last year.

The Illinois School Lunch News Letter states that nutrition education establishing good food habits—is the primary purpose of the school lunch program. The principal of Walnut Community Grade school says that parents report children are eating essential foods at the hot lunch program that they refuse to eat at home.

Surveys show that children who eat a substantial balanced lunch, show increased resistance to disease and better attentiveness in the classrooms.

We hope that parents will return the questionnaires promptly and sufficient interest will be shown to inaugurate such a program.

Mrs. Oscar Enk attended annual night of third district juniors in Ridge Park Field house April 11. Mrs. Betty Rohde was elected Junior director and the annual reports of the clubs in the district were given. Lansing Juniors presented their prize-winning play, "Come Live in My House."

The total amount realized from the rummage-bake sale and refreshments held at the home of Mrs. Karl Ekberg, president of the Orland Park Woman's club, April 18, was \$101.67. This amount will be added to the Cancer Fund drive which started this week in Orland area.

Mrs. Harriet Ludwig will entertain the Royal Neighbors, Camp 1796 this evening, April 24, at 8 o'clock. She resides at 135th and Bell road.

Mrs. Harry Anderson, president, Mrs. Stewart Loebe, Mrs. James Creer, Mrs. Thomas Cooper, Mrs. Harvey Cooper, Mrs. Adele Cooper and Mrs. John VanBershot of the Methodist church WSCS attended the all day annual meeting of the society of Chicago western district of Rock River conference, held in the Wesley Methodist church in Aurora April 18.

Ben Yunker was a surgery patient last week Monday in St. Francis hospital, Blue Island. He returned home this Monday and is convalescing nicely.

Mr. and Mrs. Harry Heiting were dinner guests Sunday of Mrs. Joseph Phillips in Elmhurst. Her son Joseph, 16, will graduate from high school this year and plans to attend the Lewis Institute of Technology in Lockport. The Phillips were former residents of Orland.

The Mesdames Ray and Foster Myrick entertained at a surprise baby shower April 15 in the latter's home, in honor of

Mrs. Robert Plastow. A luncheon was served at 11:30 a.m. Pink and blue was the color scheme in the table decorations. A sprinkling can was suspended from the light fixture with pink and blue streamers with miniature baby dolls attached. The many lovely gifts were placed in a bassinet.

Mrs. Herman Uthe returned from the hospital and is convalescing nicely at the home of her son, Alvin in Chicago. She will stay there a few days.

Mr. and Mrs. Eric Enblom held open house April 19, to announce the engagement of their daughter Judith May to Richard Stengl of Deerbrook, Wis.

Harley Manns Make Business Trip to Mokena

Mr. and Mrs. Harley Mann, former Mokena residents, arrived here April 15 by motor on a business trip. They are staying with Mrs. Margaret Bechstein and expect to leave Sunday. Monday evening the Wayfarers group gave a party for the Mann's in the home of Mr. and Mrs. Jerald Gerrie.

They now reside at Hot Springs, Ark.

Mr. and Mrs. Ray Sacilowski of Anderson, Ind., called Sunday at the home of her aunt, Mrs. Albert Braun and the Roy Erdman family. Mr. Sacilowski and the former Mrs. Genevieve Pfleger Morgan were united in marriage in Anderson, Ind., April 19.

Mrs. Janette Rydell, 11311 W. 192nd St., and Mrs. William Krotz attended the 52nd annual conference of Founder's week at Moody Bible institute last week.

Home Bureau

Mrs. George Smego, vice president of the Frankfort-Mokena Home Bureau was in charge of the meeting last Thursday evening when they met in the home of Mrs. George Elsner.

Mrs. Betty Shinn, home advisor presented the major lesson on color-wise planning.

House Warming

The pinocle group of the unit surprised Mr. and Mrs. Wilbert Lauffer at a house warming in their new home in Peotone April 13. The group presented them with a silver chest. Mr. and Mrs. Fred Piepenbrink will be hostesses to the next card party Saturday, May 10.

Mr. Hugo Neithammer who was a patient in Silver Cross hospital a week ago is home now and feeling some better.

Mrs. Margaret Semmler, Mr. and Mrs. Ray Westlund and Mr. and Mrs. Marvin Smith attended the wedding last Saturday evening of their cousin Miss Janette Durringer and Charles May, Jr., in the Zion Lutheran church, Stony Island ave., in Chicago. They also attended the reception held in the South Shore Country club.

School Board

The members of the Board of Education of school district 159, met April 16 in the school, and canvassed the votes of the recent school election.

The board was reorganized for the new term with Robert Geuther being re-elected president and Lyman F. Teague, re-elected secretary.

The new members of the board are Norval Robinson, and Durward Fant. The other board members are James Stewart, Hans Mueller and Edwin Yunker.

Plan Meeting In Mokena School for Future 1st Graders

Parents of children expected to enter the Mokena public school next fall are invited to visit the new Willow Crest school with their children at 1 p.m. May 2. Children who will be six years old before Dec. 1, are eligible to enter first grade in September.

At this meeting the children will become acquainted with teachers and future classmates and become a little familiar with the school room and building.

The county nurse will also be in attendance to explain the physical and dental program at the school.

Bishop of Quincy To Confirm Class At Palos Park

This Sunday at 4 p.m. the Rt. Rev. William L. Essex, Bishop of Quincy, will administer the apostolic sacrament of confirmation to a class of twelve young people in the Church of the Transfiguration, Palos Park.

Members of the confirmation class to be presented to Bishop Essex are: Arthur Carner, Harry Clayton, James Crapser, Kathleen Cross, Barbara Dalton, James Horvath, Nancy Myatt, William Perlmutter, Vanna Spratford, Jill Thiele, Michael Thompson and Marilyn Zuehlke.

Music for the service will be provided by the newly established Children's choir under the direction of Mrs. O. W. Perlmutter. Members of the choir are: Kathleen Cross, Douglas Connel, James Crapser, Kathy Crapser, Arthur Carner, Carolyn Thune, Bonnie Rado, Jane Nachtrieb, Jill Thiele, Joan Thiele, Diane Rado, Zay Smith, Hollis Morrison, John Nachtrieb, William Ringwald, Jr., Michelle Schaunnot, Charles Perlmutter, Francis Perlmutter, William Perlmutter and Karen Mortinson, accompanist.

Rock Island Would Take Off Non-rush Trains

(CNS) The Rock Island railroad has filed a petition with the Illinois Commerce Commission in Springfield seeking to discontinue 19 of its 90 non-rush hour suburban trains operating Monday thru Friday. Seventeen of these trains operate between Chicago and Blue Island and the other two operate between Chicago and Joliet.

In addition the road seeks authority to withdraw nine Saturday trains and one Sunday and holiday train. Eight of the nine Saturday trains operate between Chicago and Blue Island and the ninth operates between Chicago and Joliet.

The Sunday and holiday train operates between Chicago and Blue Island. The petition emphasizes that only non-rush hour trains are involved and represent only an adjustment of non rush hour service during week days, Saturdays, Sundays and holidays when patronage is light.

Rock Island's suburban territory extends from Chicago to Joliet, a distance of 40 miles. The railroad contends it sustains an annual loss of \$1,387,000 in suburban operations.

Figures disclosed by the Rock Island showed it carried 11,306,317 commuters in 1947 and the figure dropped to 8,031,266 in 1957. The drop was in non-rush hour commuters, the railroad contends.

It blamed the drop in commuters on the popularity of local shopping centers, the advent of television and other forms of local entertainment, and increasing use of the priv-

4-H's Organize Automobile Club in Eastern Will County

A new 4-H Auto club was organized in Peotone recently. There were 15 members present at the organization meeting. The purpose of the project is to teach 4-Hers automotive safety and care.

The following officers were elected at the meeting: Ted Wiktor, Peotone, president; Don Muehring, Monee, vice president; Pat Sass, Monee, secretary; Chester Wilke, Frankfort, treasurer; Joe Schmitz, Monee, recreation chairman; Marlene Halfeldt, Crete, reporter.

The club will hold meetings on the 4th Wednesday of each month at 8 p.m., the next in the home of Ron Werner, 333 North st., Peotone.

Membership is open to any youngster in the east end of the county, between the ages of 14 and 20.

Orland Junior Woman's Club Elects Staff

The final meeting of the year for the Orland Junior Woman's club was held April 14, in the home of Mrs. Clarence Creer. Mrs. Oscar Enk, president presided.

Election of officers was held and the following were elected for a two year term: First vice president, Mrs. James Whiteford; 2nd vice president, Mrs. Henry Rafacz; treasurer, Mrs. George Schilling.

Mrs. Frank Bischoff reported that a large number of dog food coupons had been handed in. Mrs. James Whiteford, Veteran's chairman, had asked for bakery goods to be brought to the meeting to be given to the Orland NIKE unit.

The spring dinner will be held in the Beverly Woods restaurant, May 14, and reservations were taken for that event.

Nursery school will be held again this year during the month of July in the Orland grade school with Mrs. Linda Moody as teacher. Chairmen for this school are: Mrs. Kenneth Bressler and Mrs. Wilbur Eckel. Any parent wishing to enroll their children, ages 3 to 6 are asked to contact them.

Following the business meeting, cards were played.

Hostesses were Mrs. Robert Johnson, Mrs. Frank Bischoff, and Mrs. James Plakovic.

John Pollock, Frequent Mokena Visitor, Dies

The many Mokena friends of Mr. and Mrs. John C. Pollock of Chicago were grieved to learn of his sudden death last Sunday.

Taken with a heart attack, he was removed to the Michael Reese hospital where he died several hours later.

Mr. Pollock was general passenger agent for the Union Pacific railroad's Chicago office; past potentate of Medinah temple; a former president of the Illinois committee of the Association of Commerce; member of the Chicago Passenger club and the Chicago Skat club.

He is survived by his wife Anne, whose sister is Mrs. John Schaub. The Pollocks have spent their weekends in their Mokena home, next to the Schaub's, for a number of years.

Funeral services were held Wednesday afternoon in the Scottish Rite cathedral, Chicago, with burial in Eden cemetery.

ICC hearings will be set.

Family Problems to be Discussed on Station WTTW

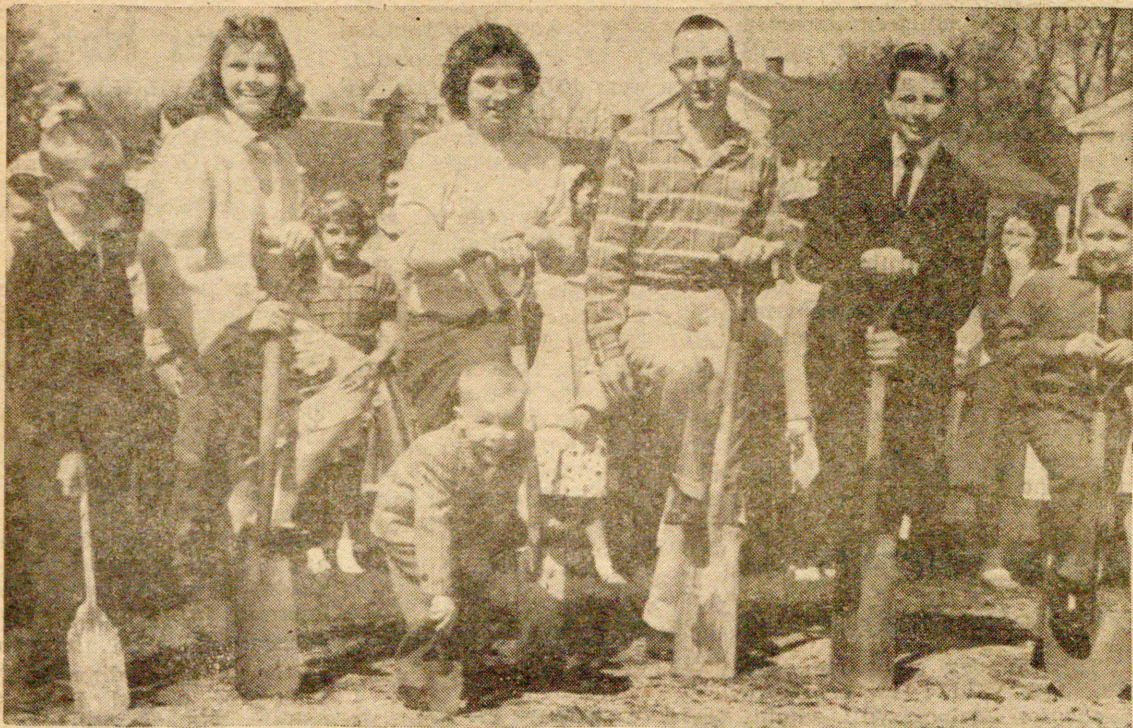

Four programs designed to strengthen the family unit will begin May 1 on WTTW, Channel 11 under the auspices of the Junior League of Chicago.

They are the Whys of Wise Parenthood, which will explore the problems of parent-child relationships under the guidance of Dr. Herbert Ratner, medical consultant and director of public health for Oak Park.

The programs will be seen from 8-9 pm. on four Thursdays: May 1, 8, 15 and 22.

Parents from all over the Chicago area will participate in studio discussions with Dr. Ratner. In addition the Junior League is forming viewing groups within its membership to watch the programs and carry on discussion after the studio portion is concluded. Each group will consist of four sets of parents.

Organizations throughout the community also have been invited to form viewing groups. Persons interested in setting up groups may obtain instruction sheets on procedure by writing to: Parenthood, Channell 11, box 1100, Chicago 90, Ill.

BREAK GROUND AT ST. JOHN'S—Ceremonies were held Sunday morning at St. John's church, Mokena, in connection with the ground breaking for the new educational building that is to be added to the present church plant at the north. Since the building is intended principally to provide room for the growing Sunday school classes, those in charge arranged for members of that body to take part in

the ceremonies. Those with shovels (1 to r) are, David Bills, Cindy Lou Robinson, Billy Steen, Diane Brown, Robert Yunker, Daniel Williams and Paul Behen. The ceremony took place after Sunday school. Incidentally there are some 300 now enrolled in Sunday school at St. John's. Lindblad Construction Co., of Joliet, is the contractor. (Marvin Smith photo)

Central Band to Give Concert Tomorrow Night

A free concert by the Central school band of Tinley Park, under the direction of Lynden DeYoung, will be held in the school gymnasium, tomorrow night, April 25, at 7:30 pm.

The band, which will play marches, waltzes and rock and roll, has a membership of 25 students, who have been rehearsing diligently for several months. The program will consist of 14 selections including solos by Jim Wichterman, trumpet; Phillip Pursley, clarinet; Georgine Keuch, clarinet; and a duet by Nancy Peterson and Candy Wolfe, clarinetists.

A special group known as the Operetta Band will play numbers from the operetta "Kathleen" which is to be presented in May by students of Central. The public is invited to attend the concert and enjoy an evening of good music.

C. of C. Secretary, Pastor to Speak at Church Banquet

Harry Trevvarthen, executive secretary of the Tinley Park Chamber of Commerce will speak at the annual teacher-administrator banquet of the Church of the Nazarene to be held in the Central school Friday, April 25, at 7 pm.

In his talk, Trevvarthen will give the history and projected future for Tinley Park.

The church pastor, the Rev. Dallas Mucci, will also speak on the "Challenge of a Growing Community to the Church Bible School."

The Sunday school in the Nazarene church has more than doubled in the past year.

Buy 3-Wheeler for Tinley Police Dept.

The Tinley Park police department is now equipped with a three wheel motor cycle.

The board of trustees agreed Monday to purchase the cycle at a cost of \$300 as recommended by Police Chief Harold C. Moore.

Will Hire Another Maintenance Man

Tinley Park trustees agreed to the recommendation of trustee Thomas Hatfield that the village hire an additional full time maintenance man.

The finance committee will study the request and set up rates and working conditions of the new employee.

Wayne Ackerson, suffered an accident recently while working for the village, which will incapacitate him for five more months, Hatfield pointed out. Ackerson is a full time village employee. Since his accident, two men have been hired by the village on a part time basis.

Appetizing Posters Announce Date Menu for Methodist Smorgasbord

Women of the Frankfort Methodist church are preparing now for a smorgasbord to be served Saturday evening, May 3 beginning at 4:30 o'clock in the new quarters for such affairs that is a part of the new church plant on Sauk Trail at Linden drive.

Special posters, hand painted on a plastic coated shelf paper that looks like wood paneling, and cut in the shape of a bread board. The menu is given in both Swedish and English and if the smorgasbord itself is as good as the posters are attractive, someone pointed out, it will be an exceptionally good supper. The posters were done 22 of them—by Phyllis (Mrs. Walter) Grotewold. She insists that she is an amateur but the work appears to be that of a professional and if the smorgasbord sponsors had to pay for it the posters probably would have cost as much as the probable profits, most viewers agreed.

The committee in charge plans to apply profits of the smorgasbord to the cost of equipment for the new kitchen.

Serving will begin at 4:30 and continue until the meatballs, roast turkey and the other items are gone.

The St. Peter's Womans Guild will meet at 1:00 pm. today beginning with dessert coffee. Mrs. Edgar Lund is in charge of the devotions and Mrs. Fred Klepper the program. The topic will be We Believe that Man is Created in the Image of God. Members are requested to bring old greeting cards and old clothing to be sent to the needy.

On Tuesday, April 29, the Monee Regional Guild will be at Beecher beginning at 9:30 am.

Rev. Erich Bizer attended a ministerial meeting at the Bakers hotel, St. Charles, Wednesday.

Rev. and Mrs. Raymond Bizer and children were house guests of his parents Rev. and Mrs. Erich Bizer this week, while enroute to their new home which will be at Bellevue, Ohio.

Supper guests of Mr. and Mrs. Wilbert Klier Sunday evening were Mr. and Mrs. Lawrence Bode and Mrs. Anna Bode, both of Tinley Park.

Baptism

Susan Ann, was the name given the infant daughter of Mr. and Mrs. Dale Kratzberg, when baptized Sunday morning by the Rev. Erich Bizer following the regular worship service at St. Peters church. Her sponsors were Mrs. Irvin Holm and Clarence Heisner Jr.

Later a dinner was served in the Dale Kratzberg home, their guests being Rev. and Mrs. Erich Bizer, Mr. and Mrs. Clarence Heisner and son Clarence, Mr. and Mrs. George Kratzberg, Mr. and Mrs. Irvin Holm and children of Mokena, Miss Dolores Mundt of Peotone and George Kratzberg, Jr.

About 500 attended the Dedication services held at the Good Shepherd Lutheran church Sunday from here and surrounding churches. Among the various gifts received by individuals, were altar furnishings, offering plates, hymnals and many other items. The various Lutheran churches gave the Communion service, baptismal fount, altar, pulpit and lecturn, which were dedicated during the morning service by the Rev. Adolph E. Ullrich.

The next band and choral concert will be held Tuesday evening, April 29 at 7:30 pm. in the public school gym in connection with an award nite. Awards for volleyball, basketball and band will be presented. No admission will be charged but a free will offering will be taken. Anyone is welcome to attend.

Field trips will be taken by

the various grade school children of the public school. The 7th grade had their field trip recently at the Natural History Museum in Chicago. On Wednesday, the 3rd and 4th grade pupils visited the Museum of Science and Industry. On April 30, grade 5 will visit Chicago Historical Society and grade 6 the Natural History Museum.

On May 7 the 8th graders will visit New Salem in Springfield. The 1st and 2nd graders will enjoy a day at Brookfield zoo on Tuesday, May 20.

Step Up Day for all new beginners and their parents will be Friday, May 2 at 1:30 pm.

40th Anniversary

Among relatives who attended the 40th wedding celebration of Mr. and Mrs. Edwin Kratzberg, of South Chicago, were Mr. and Mrs. George Heisner, Mr. and Mrs. George Kratzberg, Mr. and Mrs. Dale Kratzberg, Mr. and Mrs. Irvin Holm of Mokena, Miss Dolores Mundt of Peotone and George Kratzberg Jr.

Dinner was served to the group at the Phil Schmidt restaurant, following which they finished the celebration at the home of the honored guest for a social evening and later refreshments.

At the morning worship service of the Methodist church, the following new members were received into the church at a special ceremony, officiated by the Rev. Ben F. Day: Mr. and Mrs. Max Feller, transfers from the First Methodist church of Chicago Lawn; Alva Smith, from the Prairie Paradise Baptist church, DuQuoin; and Arnold Blaylock and Rena Ann Mowatt.

Celebrating the birthday of Wilbert Klier in his home Saturday evening were the following relatives: Mr. and Mrs. Henry Miller, Mr. and Mrs. Gilbert Klier and family, Mr. and Mrs. Robert Klier, Horton Fehland and Mrs. A. Wille, all of Monee. A social evening and refreshments were enjoyed.

Mrs. Ben F. Day was hostess to the Will County ministers' wives at her home Tuesday afternoon.

Mr. and Mrs. Gordon Telfer of Morris were Sunday evening guests of the Rev. and Mrs. Ben F. Day.

The Methodist WSCS afternoon Circle meeting will be held in the church next Thursday at 1:15 pm. Dessert coffee will be served. Hostesses will be Mrs. William E. Bettenhausen and Mrs. Roderick Rainford. The program will be presented by Mrs. Henry Heusner and Mrs. John Reed.

Methodists Plan Daily Vacation Bible School

The Daily Vacation Bible school conference will be held in the Tinley Park Methodist church, May 15, in the educational building. Mrs. L. E. Tompkins, conference director of children's work of the South Chicago district, will conduct the training class for the teaching staff. The daily vacation bible school will be held from June 9 to 20.

A number of Tinley Park residents seem to have taken temporary residence at the Hazelcrest hospital. Among them are Gus Habenicht, Henry Nolte and Mrs. Frank Jeffords, all of whom underwent surgery.

Mrs. Birdie Bright has just returned from visiting her sister in Menominee Falls, Wisc.

Mrs. Jean Rooney flew to Atlantic City, N. J., April 21 to

GETS CHROMED SPURS—Walter Heiting (left) of Orland Park, now retired after 45 years in the repair department of the Illinois Bell Telephone company, was honored at a dinner last Thursday night in Saenger hall, Tinley Park. He is shown here holding the spurs used in climbing poles. His former colleagues had them chromed and the presentation was made by a fellow repairman, Peter Albert, also of Orland Park. Mr. Heiting was also presented with a handsome watch. (Marvin Smith photo)

attend the League of Women Voters convention.

Mr. and Mrs. Vernon Doolewerdt are the happy parents of a little girl whom they have named Connie Kay. Connie, was born April 15 in St. Francis hospital, Blue Island, and weighed six pounds 11 ounces.

Howard R. Jones had the painful misfortune of breaking the cartilage in his right knee, while at work Saturday.

John Funk, affectionately known as Grandpa Funk, underwent major surgery in St. Bernard's hospital in Chicago. Cards would be greatly appreciated to brighten up his stay.

Mr. and Mrs. Eugene Swanson are proudly announcing the arrival on April 11 of a son, named Steven Carl.

Mrs. Coy Turman had four stitches taken in her forehead last Thursday, following an accident in her home.

Word has been received from Marine Pvt. Stephen Nutt, Jr., son of Mr. and Mrs. Stephen M. Nutt of Oleander ave., that he has recently completed four weeks of individual combat training at Camp Pendleton, Calif. All marines are basically infantrymen and must complete this training whether they be cooks, typists or truck drivers.

Mr. and Mrs. Vernon Doolewerdt of 17326 Oak Park ave. are parents of a daughter, Connie Kaye, born in St. Francis hospital, Blue Island, April 15. The baby, their first child, weighed 6 lbs. 11 oz.

Take Steps to Form Mission at Tinley Park

Signed application for organization of a mission in Tinley Park has been made to the Episcopal diocese of Chicago by a group of communicants.

The Rev. J. Ralph Dappen, canon missionary of the Chicago diocese is aiding in the establishment of the Tinley Park church.

At a meeting held here Sunday a committee was appointed to contact others who may be interested in becoming a part of the mission and to locate a place to hold Sunday worship services. The committee is composed of Charles Welch, chairman, Robert Watkins, Mrs. Glenn Tindall, and Mrs. John Unzicker.

Also attending the meeting were the Rev. James Montgomery, of St. John's, Flossmoor, and the Very Rev. James G. Parker, dean of the southern deanery, Kankakee.

A name for the new church was chosen by the group. It will

Close Harmony, Melody Will Mark Foundation Benefit

A 50-voice chorus under the direction of Phyllis Haeger of La Grange will sing production numbers for the musical comedy type show which is to be presented May 3 in the Carl Sandburg high school for the benefit of the Community Center Foundation Farm camp. "Showers of Harmony in Paris" is the title of the show with a sidewalk cafe setting.

The chorus is called the "West Suburban Chapter of Champions" because it has twice been awarded top honors in the central states Sweet Adeline competitions. Singers from 17 southern and western suburbs are included in the group.

Barbershop quartets from Palos Park and Oak Park, Bill Phillips, Palos Heights magician, women's quartets from the West Suburban Sweet Adelines headline the evening entertainment which is scheduled for 8:15 p.m.

ICC OVERRULES—

(Continued from page 1)

2 Trips Each Way

James Betinis, president of Suburban Transit, has said the only direct route now between Orland Park and Chicago is by the Wabash railroad.

Betinis said the railroad operates one northbound train in the morning and one southbound train in the afternoon.

Suburban Transit seeks to operate a 6:42 a.m. and 9:42 a.m. bus from Orland Park to Chicago and a 2:45 p.m. and 4:45 p.m. bus from Chicago to Orland Park Monday thru Saturday.

Betinis said 250 persons employed by Western Electric in Cicero would use the bus service.

A one way cash fare from Orland Park to Chicago would cost 85 cents, a ten ride ticket between the two points would cost \$7.50 and a monthly ticket good for 54 rides would cost \$35, according to Betinis.

Fares between Chicago and suburbs closer to the loop would be slightly less.

In Chicago the buses would operate on Cicero avenue, Cermak road, Ogden avenue and Washington boulevard.

The company will ask ICC authority to operate on a permanent basis if the proposed 60 day trial operation shows a profit, Betinis said. The company has 21 buses, Betinis added.

Sandburg Sophs to Give Play

The sophomores of Carl Sandburg high school will stage a play next week—Thursday and Friday nights, May 1 and 2, in the school auditorium. Curtain time will be 8 o'clock.

The play was written by Emily Kimbrough and carries the wonderful title—"We Were Young That Year."

Donald Steinhart is the director and Sandra Smith and Al Jaklich have the leading roles.

Proceeds from the venture will be salted away in the class treasury to be brought forth next year when as juniors the class has the duty of entertaining the seniors at the annual prom.

Tickets may be purchased from any member of the sophomore class or at the auditorium before curtain time. There is one price for adults and a nominal one—about one-third of the adult price—for students.

Non-Magnetic Alloy

Although both nickel and cast iron are magnetic, a cast iron alloy containing about 20 per cent nickel is nonmagnetic.

No. Ill. Gas Asks Permit for New Pipe Line

(CNS) The Northern Illinois Gas company has asked Illinois commerce commission approval to construct and operate a gas main from East Dubuque, Joe Davies county to a point just southwest of Des Plaines. A hearing was held last week in Springfield.

The new gas line will bring 50 million cubic feet of gas daily to 20 Northern Illinois counties. The gas will supply gas heating for 40,000 persons in the area.

The gas main will be built by the Northern Natural Gas company, which supplies gas for Northern Illinois.

The 140 mile pipe line will be constructed at a cost of between \$7,000,000 and \$8,000,000 to Northern Natural and a cost of \$15,000,000 to Northern Illinois.

The line will connect with Northern Natural's facilities in Dubuque, Iowa, according to C. D. Pendergrast, director of publicity for Northern Illinois.

The underground pipe line will not run thru any municipalities, Pendergrast said.

Northern Natural has applied to the Federal Power Commission for permission to construct the pipe line. Federal approval of the project is expected by June 1. If approval is granted by then, gas will be available to the 40,000 additional users by next January or February, Pendergrast said.

At present 125,000 persons are on Northern Illinois' waiting list for gas home heating purposes, Pendergrast said.

Northern Illinois serves 266 communities, excluding Chicago in an area north of Bloomington and south of Winnetka.

Girl Scouts to Have Day Camp at Mokena In June

This is the time of year when Mokena Girl Scouts are looking forward to day camp. This year's camp will be held June 23-27 in the Mokena Community park and those in charge—for the girls' sake—are keeping their fingers crossed against rain.

Day camp, as the name indicates, does not include sleeping out. Each day's session will begin at 9 a.m. and end at 3 o'clock.

Registration for the camp began last Monday and will continue thru May 2. The cost per girl will be \$2.50.

Members of the camp committee are, Mrs. Duane Knize, director; Mrs. Betty Pels, assistant director; Mrs. Albert Janner, chairman; Mrs. Louis Badton, business manager; Mrs. Lawrence Istel, nurse; Mrs. Robert Floyd and Mrs. Robert Hunniford, buyers and Mrs. Louis Wilder, equipment chairman.

Mrs. Knize and Mrs. Pels are now completing a 30-hour training course in directorship.

The junior day camp committee, which is made up of two girls from each troop, will meet this afternoon in Willowcrest school at 3:30 o'clock to help with the plans.

Because of the increasing number of Girl Scouts in Mokena more adult aid is needed, it was stated, and women interested in helping with the program may call Mrs. James Horras, Mokena 5179, or Mrs. Harold Behn, Mokena 5186.

Some 200,000,000 pounds of chicken feathers left over yearly from the nation's poultry market can be used as chicken feed supplement. Treated by heat and pressure, the feather derived food is rich in amino acids.

Contractor Posts Bond for Mokena Sewer Project

Blaine Saxon, Mokena contractor who was the successful bidder on the Mokena sewer project, has posted a performance bond for \$186,371—the amount of the contract. It has been accepted by the village board and as soon as money is available to meet payments the work will be started.

Lindblad Construction Co., of Joliet, which has the contract for the sewage treatment plant and lift stations had a technical flaw in the performance bond submitted to the Mokena board last week and will file a new one.

Beginning of the work on the project will be contingent upon the sale of bonds by the village. The cost will be met thru general obligation and water and sewer revenue bonds.

Elect Halvorson Head of Orland Park Grade School Board

Kenneth A. Halvorson, who was re-elected to the Orland Park grade school board April 12 was elected board president at the organizational meeting last week.

He succeeds Richard Farr, Sr. who served as president of the board for the past year.

Mrs. Margaret R. Carroll was re-elected secretary.

Mr. Halvorson is also village clerk of Orland Park.

Area Drivers Lose Licenses Because of Traffic Violations

Two area residents had driving licenses suspended by the Secretary of State's office last week for three offenses of driving regulations. They were Elden F. Jeffries, R. 1, Frankfort, and Dennis A. Norton, 134 4th ave., New Lenox.

In the Mokena police court last week, three drivers were fined. John B. Fenec, of Matteson was fined \$10 and costs for speeding 50 miles an hour in a 35 mile zone.

John H. Kix of Joliet, was fined \$5 for running a stop sign and Frank Jurcak, of Frankfort \$5 for parking in a no parking zone.

L-W Band Boosters to Sponsor Dance at School Saturday

The LincolnWay Band Boosters will hold their semi-annual dance this Saturday night, April 26, in the high school gymnasium. Dancing is to begin at 9 o'clock and a popular orchestra has been hired for the event.

LincolnWay high school is located on U.S. 30, about two miles east of New Lenox. It is a new school—four years old—but the band is doing very well.

The Band Boosters have engaged in various undertakings to raise funds for uniforms and other needs and are grateful for the aid given by the public.

One of the fund raising projects was the sale of decals for windshields. Some of these are still available, it was said. The dance Saturday night is another means of raising funds. Tickets may be obtained at the door.

George Washington's second inaugural address is the shortest on record.

U. S. Publication Carries Feature On Lincoln-Way

Lincoln-Way Community High school is to be featured in the next publication edited by the Department of Health, Education and Welfare in the Federal Office of Education, according to word received by Supt. A. Hunter Chapman. J. L. Taylor, specialist on the planning of school buildings, has been making a study of the school site and its development.

The manuscript has been processed and will be printed with in the next few weeks. The following paragraph was included in a recent letter received from Mr. Taylor:

"We are featuring the Lincoln-Way community high school in a section on layouts. You have been very helpful in sending materials for use, and we want you to know they are appreciated. Our most recent gift from you, photographs of interiors, including the foyer, lounge, homemaking room, a regular classroom, and several science rooms, make a fine addition to our files of pictures of functional buildings. These materials will be used in the interest of a program for improvement of school plants for the boys and girls of this country."

Palos-Orland YMCA Drive to Start May 1

Jack DeBacker, chairman of the Palos-Orland YMCA drive to be kicked off at the Southmoor Country club Thursday, May 1, announces names of division leaders and captains who have volunteered to help in the drive. They are as follows:

Mrs. C. W. Badger, Palos Park division leader; Mrs. E. A. Galapeau, Mrs. Robert Carpenter, Mrs. Purdy Bradford, Al Larson and Norman Martin, captains.

Division chairman of Palos Heights is John Allyn. Captains are Mrs. Frank Rodwick, Mrs. Paul Lindenmeier, Don Lallkv, Mrs. Ervin T. Riesbeck and Mrs. Fred Minuth.

Division leader for Orland

Park is George Carroll. Captains are Mrs. Margaret Loebe, Gene Kanost, Robert Snyder, and Terry Burke.

There is a great amount of interest evident in the future of the YMCA in this area, states DeBacker. Over 1500 area persons participated in more than 50 activities last year and the program is expected to be doubled in 1959.
